BOARD OPERATING GUIDELINES

In carrying out its role and responsibilities, the following outlines how the Board operates to carry out its duties of stewardship and accountability, including its procedures for holding Board meetings.

Governance Standards

The Board governs collaboratively and in a way that encourages strategic leadership rather than administrative detail. The Board maintains a clear distinction between Board governance and the CEO's role as the chief executive officer of DPM.

Accountability

On such terms as it sees fit, and subject to Applicable Laws, the Board may delegate any but not all of its powers and responsibilities to one or more committees to assist the Board in carrying out its work. The Board may also establish *ad hoc* committees or other temporary working groups to address time limited projects. Each such committee or working group is accountable to the Board.

Meetings

Frequency

Typically, the Board meets at least five times annually for regular meetings and may meet as many additional times as needed to carry out its responsibilities effectively, including meeting for dedicated strategic planning sessions with management as determined appropriate. The Board's regular meeting schedule is set at least a year in advance.

BOARD OF DIRECTORS MANDATE

Workplan

The Board organizes its work, meetings, and responsibilities according to an annual calendar of regularly recurring activities (the workplan). The workplan is reviewed and updated as required.

Notice

The Board Chair may call additional meetings that do not appear in the annual schedule to address special or emergent issues. Notice of Board meetings that do not appear in the Board's annual meeting schedule are provided electronically to Directors not less than 48 hours prior to such meeting or as soon as practical in the circumstances.

A Director who attends a meeting but did not receive the meeting notice is deemed to have waived notice of the meeting with respect to all business transacted.

Agenda and Supporting Materials

The Board Chair, in consultation with the Corporate Secretary, develops the agenda for each Board meeting. Under normal circumstances, the agenda and supporting materials are distributed to Directors and other attendees via the Board's secure portal as required several days in advance of a regularly scheduled meeting, and as soon as they are available otherwise.

Quorum and Voting

A quorum for the transaction of business at a Board meeting is a majority of Directors.

Prior to taking a vote, the Directors strive to achieve a consensus on any recommendations that are presented for discussion and approval. Where consensus cannot be met, questions arising are decided by a majority of Directors present. In the case of an equality of votes, the Chair of the meeting does not have a second or casting vote.

Meetings in Person and Virtual Participation

Where possible, Directors are expected to attend regularly scheduled Board meetings in person. However, where it is determined that it is appropriate to do so (having consideration for Applicable Laws and other relevant circumstances), one or more Directors may participate in a Board meeting by teleconference, videoconference or other electronic means. In addition, the Board Chair may allow for the full Board meeting to be held entirely by electronic means. In such cases, the technology or means used must permit all Directors to be heard and participate virtually, and Directors who participate in this fashion are deemed to be present and are counted in quorum.

BOARD OF DIRECTORS MANDATE

Guests

Board meetings provide an opportunity for the Board to engage and interact with DPM personnel to discuss relevant issues and assist the Board in effectively carrying out its mandate. The Board may invite such DPM personnel and other persons as may be considered necessary or desirable to attend all or a portion of meetings (including but not limited to the external auditor and other experts, advisors, or outside consultants) and assist in the discussion and consideration of the business of the Board.

In Camera Meetings

Each regular Board meeting includes one or more *in camera* meetings of Directors (as determined in the Board's discretion) at the beginning and/or end of each meeting. In addition, at the Board's discretion, the Board may hold such other *in camera* sessions at any Board meeting outside of the regular Board meeting schedule.

The purpose of such meetings is to provide Directors an opportunity to meet without management or others in order to discuss internal governance matters for the Board, address matters affecting the quality and effectiveness of Board meetings, meet with external advisors, service providers or consultants where needed, and discuss any other sensitive matter that the Board or a Director may wish to have addressed.

Following the *in camera* meeting, the Board Chair provides information and feedback to the Corporate Secretary and CEO as appropriate.

Consent Resolutions

A resolution approved electronically (via email or the Board's document sharing portal) and consented to by all Directors entitled to vote on that resolution has the same force and effect as if passed at a properly constituted Board meeting.

Minutes

The Corporate Secretary or his/her delegate ensures there are minutes of the discussions drafted for all Board meetings. Minutes are not taken of the *in camera* portion of Board meetings, however, the Corporate Secretary ensures there are records of all recommendations and approvals of the Board made at an *in camera* session or made outside of a meeting.

All minutes set out the date, time, and location for the Board meeting, the attendance of Directors, a summary of the discussion, and a record of the formal actions, recommendations, and resolutions of the Board taken. Opinions or views expressed by participants at Board meetings are considered personal information and confidential and are not recorded in the minutes.

BOARD OF DIRECTORS MANDATE

The Board Chair is provided with draft minutes of the Board meeting as soon as possible after each meeting. Minutes of Board meetings are approved as soon as practicable at the next Board meeting or by consent resolution. Once approved by the Board, the minutes serve as the official record of the meeting.

Board Deliberations and Confidentiality

Board discussions are confidential to the Board. The official record of the Board's deliberations is through the approved Board meeting minutes and resolutions. Each Director and all guests, including members of Management, are expected to maintain the confidentiality of all written and verbal information shared at Board meetings (including the views or opinions of individual Directors), unless the Board determines that the information is not confidential and may be shared.

External Advisors

In carrying out its responsibilities, the Board:

1. Relies on Management to be transparent with the Board and provide it with accurate and complete information.
2. Is entitled to retain and rely on external professional services firms, consultants, advisors, and other experts as needed to fulfill its mandate.
