The Mix and Match Facility will also be made available to Adriatic Shareholders in order to enable them to elect, subject to off-setting elections, to vary the proportions in which they receive cash and New DPM Shares. The aggregate amount of cash to be paid and New DPM Shares to be issued under the terms of the Transaction will be £321 million and 54.9 million New DPM Shares, equating to 34.7 per cent cash and 65.3 per cent New DPM Shares, and will not be varied as a result of the Mix and Match Facility.

Immediately following Completion, it is expected that DPM's enlarged issued share capital will be owned approximately 75.3 per cent. by existing DPM Shareholders and approximately 24.7 per cent. by former Adriatic Shareholders.

Holders of CHESS Depository Interests over Adriatic Shares ("**Adriatic CDIs**") will participate in the Transaction on the same basis as holders of Adriatic Shares. Accordingly, unless the context requires otherwise, references to Adriatic Shares in this Announcement include Adriatic CDIs, references to Adriatic Shareholders include Adriatic CDI Holders, references to Adriatic Shareholders voting on the Transaction, the Scheme or related matters shall include Adriatic CDI Holders procuring the same.

DPM has received irrevocable undertakings to vote in favour of the Scheme and the Adriatic Resolutions from certain Adriatic Directors who are interested in Adriatic Shares and Supporting non-director Shareholders, including Helikon Investments Limited and L1 Capital Pty Ltd, who hold a total of 128,541,045 Adriatic Shares in aggregate, representing 37.23 per cent. of Adriatic's total issued share capital on the Last Practicable Date.

Background to and reasons for the Transaction

The acquisition of Adriatic has compelling strategic merit and is fully aligned with DPM's core competencies. DPM believes that the Transaction will form a strong combined group with an enhanced operating and financial profile, driven by an attractive production, mineral reserve and mineral resource base and a compelling metal mix. The Transaction is consistent with DPM's approach to shareholder returns, portfolio enhancements and leverages its complementary capabilities and significant balance sheet strength.

DPM believes that it would be a well-suited operator of the Vareš Silver Operation (“**Vareš**”) given its financial strength and extensive experience and track record in the Balkans, where it currently operates an underground mine and an open pit mine. DPM has fostered strong partnerships with local governments and communities in the Balkan region and has a demonstrated history of working to create sustainable benefits for its stakeholders and local communities.

Vareš is a new underground precious metals rich mining operation, with a low-cost profile, long mine life and attractive exploration potential. Furthermore, DPM’s proven exploration team is excited about the additional upside potential from further exploration activities at the extensive Vareš land package and, notably, the highly prospective Rupice Mine.

Consistent with DPM’s financial priorities of generating attractive returns for shareholders, DPM expects the Transaction to be accretive, on a cash flow per share basis, in the first year post-Completion, delivering attractive returns for existing DPM and Adriatic shareholders, with additional upside from achieving and maintaining commercial production levels at Vareš, leveraging corporate infrastructure optimisation and supply efficiencies.

From DPM’s perspective, the predominantly equity-based nature of the Transaction consideration allows DPM to enhance its balance sheet strength which, when combined with Adriatic, is expected to increase its ability to fund growth and continue to return cash to shareholders through its current capital allocation and dividends policy.

The Transaction is expected to offer the following additional benefits:

- *Improved Financial Strength.* DPM anticipates that the Transaction will result in value creation from corporate and other operational synergies and enhanced financial flexibility to support the Combined Group’s growth initiatives. Specifically, DPM’s strong balance sheet and cash flow is expected to fund remaining ramp-up requirements at Vareš, construction capex for an additional operating mine and accelerate exploration across its expanded portfolio, thereby resulting in meaningful value creation for the Combined Group and avoiding dilution associated with large third-party financings.
- *Optimised Capital Allocation and Investment.* The Combined Group is expected to have a strong balance sheet, with significant free cash flow generation and exposure to mineral projects with strong economics across Bulgaria, Serbia, Ecuador and Bosnia and Herzegovina, which DPM believes will enable the Combined Group to optimise capital allocation, enhance its market valuation and investment across its portfolio of mining assets. DPM also believes that the strength of the Combined Group (expected to be evidenced by significant management expertise, free cash flow, a strong balance sheet and borrowing base potential) will provide an excellent platform for future investment and consolidation within the regions in which the Combined Group will operate.
- *De-Risking Mine Development.* The completion of the Transaction is expected to enhance DPM’s ability to successfully develop a mine and launch operations at its Čoka Rakita Project, effectively de-risking the Čoka Rakita Project. By integrating Adriatic’s experienced mining personnel into the Combined Group’s operations, DPM is expected to demonstrate its ability to navigate the complexities of mine development and mitigate associated risks.
- *Continued Participation by Adriatic Shareholders.* Scheme Shareholders, through their ownership of New DPM Shares, will also participate in the mineral projects of DPM along with the potential valuation re-rating associated with a diversified operating portfolio, larger market capitalisation and more liquid shares.

- *Strong and Proven Management Team.* The Combined Group will benefit from the skill and expertise of DPM's current management team, who possess extensive experience in mine development, operations, finance, exploration and rightsholder and stakeholder engagement, all of which would accelerate the successful development of Adriatic's mineral projects.
- *Enhanced Capital Markets Profile.* The Transaction is expected to result in increased scale and liquidity with enhanced market relevance and financial flexibility and a lower cost of capital, with wider investor appeal and analyst coverage due to an even larger market capitalisation, which could provide an opportunity for a re-rating of the DPM Shares following completion of the Transaction.

Comments on the Transaction

Commenting on this Announcement, David Rae, the CEO of DPM, said:

"Adding Adriatic's Vareš operation to our strong asset portfolio creates a premier mining business with a peer-leading growth profile, high-quality development and exploration pipeline and a robust platform to deliver above-average returns.

The Vareš is a logical fit with our portfolio, and adds near-term production growth and mine life, a highly prospective land package, and cash flow diversification. We are well-positioned to leverage our expertise in underground mining and our strong financial position to further optimize the operation and realize Vareš full value potential, based on our analysis."

Commenting on this Announcement, Laura Tyler, the CEO of Adriatic, said:

"The Vareš Silver Operation remains on track to become a low cost precious metal producer, underpinned by a long mine life, a high-grade deposit and strong exploration potential. What makes Vareš so exciting is that it is at beginning of its journey, with significant growth ahead. This transaction brings together complementary strengths to create a dynamic and diversified mining company with meaningful scale. The combined group will be well placed to pursue additional value-additive opportunities. We see clear synergies between the asset portfolios of DPM and Adriatic, supported by DPM's strong financial capacity and proven operational expertise. Together these strengths are expected to unlock further value for shareholders of both companies, in both the near and longer term. Importantly, the creation of a diversified mining company in the Balkan region will bring benefits not only to our employees and shareholders, but also to local communities and broader regional stakeholders. This Transaction presents a compelling opportunity to be part of a transformative and long-term success story – one we fully endorse and recommend to all our stakeholders."

Recommendation of the Adriatic Directors and Adriatic Directors' Irrevocable Undertakings

The Adriatic Directors, who have been so advised by RBC Capital Markets as to the financial terms of the Transaction, consider the terms of the Transaction to be fair and reasonable. RBC Capital Markets is providing independent financial advice to the Adriatic Directors for the purposes of Rule 3 of the Takeover Code. In providing its advice, RBC Capital Markets has taken into account the commercial assessments of the Adriatic Directors.

The Adriatic Directors intend unanimously to recommend that Scheme Shareholders vote (and that Adriatic CDI Holders direct CDN to vote) in favour of the Scheme at the Court Meeting and Adriatic Shareholders vote in favour of the Adriatic Resolutions to be proposed at the Adriatic General Meeting (or in the event that the Transaction is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer), as certain Adriatic Directors who are interested in Adriatic Shares have irrevocably undertaken to do in respect of their own beneficial holdings of, in aggregate, 1,572,383 Adriatic Shares (including in respect of Adriatic

Shares, the underlying Adriatic CDIs), representing, in aggregate, approximately 0.46 per cent. of Adriatic's issued share capital as at the close of business on the Last Practicable Date.

Adriatic Shareholder Irrevocable Undertakings

In addition, DPM has received irrevocable undertakings from the Supporting non-director Shareholders to vote in favour of the Scheme and the Adriatic Resolutions in respect of a total of 126,968,662 Adriatic Shares (including the underlying Adriatic CDIs) representing, in aggregate, 36.77 per cent. of Adriatic's total issued share capital as at the Last Practicable Date.

Recommendation of the DPM Directors and DPM Directors' and Executive Officers' Voting Support Agreements

The issuance of the New DPM Shares pursuant to the Transaction requires the DPM Shareholder Resolution to be approved by a simple majority of the votes cast by DPM Shareholders, represented in person or by proxy, at the DPM Special Meeting.

The DPM Board has been advised by BMO as to the financial terms of the Transaction and considers the Transaction to be in the best interest of DPM and fair to DPM, from a financial point of view. The DPM Board intends to recommend that DPM Shareholders vote in favour of the DPM Shareholder Resolution at the DPM Special Meeting. DPM Directors and Executive Officers have irrevocably undertaken to vote in favour of the DPM Shareholder Resolution at the DPM Special Meeting in respect of their own beneficial holdings of, in aggregate, 313,016 DPM Shares, representing, in aggregate, approximately 0.19 per cent. of DPM's issued share capital as at the close of business on the Last Practicable Date.

Transaction Structure and Timing

It is intended that the Transaction will be effected by means of a Court-sanctioned scheme of arrangement between Adriatic and the Scheme Shareholders under Part 26 of the Companies Act, further details of which are contained in the full text of this Announcement and full details of which will be set out in the Scheme Document to be published by Adriatic in due course.

The purpose of the Scheme is to provide for DPM to become the owner of the entire issued and to be issued share capital of Adriatic. In order to achieve this, the Scheme Shares will be transferred to DPM under the Scheme, in consideration for which Scheme Shareholders will receive the Consideration on the basis set out in the paragraph entitled "Key Terms" above.

The Transaction will be subject to the Conditions and further terms set out in Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement (and to the full terms and conditions which will be set out in the Scheme Document), including, among other things: (i) approval by the requisite majority of Scheme Shareholders at the Court Meeting and the requisite majority of the Adriatic Shareholders at the Adriatic General Meeting; (ii) the Court sanctioning the Scheme; (iii) the DPM Shareholder Resolution being approved by a simple majority of the votes cast by DPM Shareholders represented in person or by proxy at the DPM Special Meeting; (iv) receipt of the approval for the listing of the DPM Shares by the TSX to be issued as part of the Consideration; (v) the receipt by DPM of an unconditional approval of the Transaction by the Bosnian Competition Council in accordance with the Bosnian Competition Act; and (vi) the Transaction becoming Effective no later than the Long Stop Date.

It is expected that the Scheme Document, containing further information about the Transaction and notices of the Court Meeting and Adriatic General Meeting, together with the Forms of Proxy (for Adriatic Ordinary Shareholders), CDI Voting Instruction Forms (for Adriatic CDI Holders) and forms of election in respect of the Mix and Match Facility, will be mailed or emailed (as applicable) to Adriatic Shareholders as soon as reasonably practicable.

The Scheme is expected to become Effective during the fourth quarter of 2025, subject to the satisfaction (or, where applicable, waiver) of all relevant Conditions and further terms set out in Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*).

DPM reserves the right, subject to the terms of the Co-operation Agreement and with the consent of the Panel, to implement the Transaction by way of a Takeover Offer.

This summary should be read in conjunction with, and is subject to, the full text of this Announcement and the Appendices.

The Transaction will be subject to the Conditions and further terms set out in this Announcement, including Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement, and to the full terms and conditions which will be set out in the Scheme Document. Appendix 2 (*Sources of Information and Bases of Calculation*) to this Announcement contains the bases of calculation and sources of certain information contained in this Announcement. Details of the irrevocable undertakings received by DPM in connection with the Transaction are set out in Appendix 3 (*Details of Irrevocable Undertakings*) to this Announcement. Certain terms used in this Announcement are defined in Appendix 4 (*Definitions*) to this Announcement.

Notice to Australian Adriatic CDI Holders

The New DPM Shares to be offered to Adriatic Shareholders under the Transaction are proposed to be offered in Australia in reliance on ASIC Corporations (Compromises or Arrangements) Instrument 2015/358 which provides disclosure relief for the offer of securities for issue or sale under a foreign compromise or arrangement made in accordance with the laws in force in the United Kingdom, being an eligible foreign country. Neither this Announcement nor any other offering or marketing material relating to the Scheme, the New DPM Shares constitutes a disclosure document, prospectus, scheme booklet or product disclosure statement under Part 5.1, Part 6D.2 or Chapter 7 of the Australian Corporations Act 2001 (Cth) and this Announcement has not been, and will not be, lodged with the Australian Securities and Investments Commission. This Announcement does not contain the information required to be contained in a disclosure document, prospectus, scheme booklet or product disclosure statement for the purposes of the Australian Corporations Act. Neither this Announcement, nor any other offering or marketing material relating to the New DPM Shares or the Transaction, may be made available or distributed in Australia other than to Adriatic Shareholders with a

registered address in Australia and their advisors and in compliance with Australian law. Failure to comply with this restriction may contravene applicable Australian law.

If, in the future, DPM exercises its right to implement the Transaction by way of a Takeover Offer and determines to extend such Takeover Offer into Australia, DPM may seek relief from the Australian Securities and Investments Commission from the disclosure and secondary sale requirements of Chapters 6D.2 and 6D.3 of the Australian Corporations Act in order to distribute the Offer Document to Adriatic Shareholders in Australia in respect of Adriatic CDIs listed on the ASX.

The Scheme Document will contain further information about the Transaction and the treatment of Adriatic CDI Holders, including steps to be taken by Adriatic CDI Holders to complete and return CDI Voting Instruction Forms and otherwise participate in the Scheme.

Notice to Adriatic US Shareholders

The Transaction relates to the shares of an English company and is being made by means of a scheme of arrangement provided for under the Companies Act. The New DPM Shares to be issued pursuant to the Transaction have not been registered under the US Securities Act or under any laws or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the US Securities Act.

The New DPM Shares to be issued pursuant to this Transaction by means of a scheme of arrangement are intended to be issued in reliance upon the exemption from the registration requirements of the US Securities Act, pursuant to the exemption from registration set forth in Section 3(a)(10) thereof. A transaction effected by a scheme of arrangement is not subject to the proxy solicitation or tender offer rules under the US Exchange Act. Accordingly, the Scheme will be subject to the disclosure requirements and practices applicable to schemes of arrangement involving a target company incorporated in England and listed on the LSE and the ASX, which differ from the disclosure requirements of the US tender offer rules.

For the purposes of qualifying for the exemption from the registration requirements of the US Securities Act afforded by Section 3(a)(10) thereunder, Adriatic will advise the Court that its sanctioning of the Scheme will be relied on by DPM as an approval of the Scheme following a hearing on the fairness of the terms and conditions of the Scheme to Adriatic Shareholders, at which Court hearing all Adriatic Shareholders are entitled to attend in person or through counsel to support or oppose the sanctioning of the Scheme and with respect to which notification has been given to all such holders.

If, in the future, DPM exercises its right to implement the Transaction by way of a Takeover Offer and determines to extend such Takeover Offer into the United States, such Takeover Offer will be made in compliance with the applicable US laws and regulations, including, without limitation, to the extent applicable, Section 14(e) of the US Exchange Act and Regulation 14E thereunder, and subject, in the case of participation by Adriatic Shareholders resident in the United States, to the availability of an exemption (if any) from the registration requirements of the US Securities Act and of the securities laws of any state or other jurisdiction of the United States. Such Takeover Offer would be made by DPM and no one else.

In accordance with normal United Kingdom practice, and pursuant to Rule 14e-5(b) of the US Exchange Act, DPM or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Adriatic outside of the US, other than pursuant to the Transaction, until the date on which the Transaction and/or Scheme becomes effective, lapses or is otherwise withdrawn. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchase shall be

disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

*Neither the United States Securities and Exchange Commission (the "**SEC**") nor any US state securities commission or any other US regulatory authority has approved or disapproved of the New DPM Shares to be issued in connection with the Transaction, or determined if this Announcement is truthful or complete. Any representation to the contrary is a criminal offence in the United States.*

It may be difficult for Adriatic US Shareholders to enforce their rights and any claims arising out of the US federal securities laws in connection with the Transaction, since DPM and Adriatic are incorporated under the laws of a non-US jurisdiction, some or all of their respective directors and officers may be residents of a non-US jurisdiction, and a substantial portion of DPM's and Adriatic's assets and these non-resident persons will be located outside of the United States. Adriatic US Shareholders may not be able to sue a non-US company or its directors and officers in a non-US court for violations of the US federal securities laws. FOR

ADRIATIC METALS PLC

BY

DUNDEE PRECIOUS METALS INC

to be effected by means of a scheme of arrangement

under Part 26 of the Companies Act 2006

1 INTRODUCTION

The Boards of Dundee Precious Metals Inc ("**DPM**") and Adriatic Metals Plc ("**Adriatic**") are pleased to announce that they have agreed the terms of the Transaction.

2 THE TRANSACTION

Under the terms of the Transaction, Adriatic Shareholders will be entitled to receive, for each Adriatic Share:

0.1590 New DPM Share; and

93 pence in cash

The terms of the Transaction value:

- each Adriatic Share at 268 pence, based on a GBP:CAD\$ exchange rate of 1.85 on 11 June 2025;
- each Adriatic CDI at AUD \$5.56, based on a AUD:CAD\$ exchange rate of 0.891 and a GBP:AUD exchange rate of 2.08 on 11 June 2025; and
- the entire issued share capital of Adriatic at approximately US\$1.251 billion, based on USD:GBP exchange rate of 0.74 on 11 June 2025,

in all cases, based on the Closing Price of CAD\$20.33 per DPM Share on 11 June 2025.

The terms of the Transaction represent a premium of approximately:

- 50.5 per cent. to the Closing Price on the LSE of 178 pence per Adriatic Share on 19 May 2025 (being the last Business Day in London, England prior to the commencement of the Offer Period); and
- 47.8 per cent. to the Closing Price on the ASX of AUD \$3.76 per Adriatic CDI on 20 May 2025 (being the last Business Day in Sydney, Australia prior to the commencement of the Offer Period);
- 31.8 per cent. to the 30-day volume-weighted average Adriatic share price on the LSE as of 19 May 2025, based on the 30-day volume-weighted average share price of DPM on the TSX as of 16 May 2025 (being the last Business Day in Toronto, Canada prior to the commencement of the Offer Period); and
- 33.5 per cent. to the 30-day volume-weighted average Adriatic CDI price on the ASX as of 20 May 2025 (being the last Business Day in Sydney, Australia prior to the commencement of the Offer Period), based on the 30-day volume-weighted average share price of DPM on the TSX on 16 May 2025 (being the last Business Day in Toronto, Canada prior to the commencement of the Offer Period).

It is intended that the Transaction will be implemented by means of a court-sanctioned scheme of arrangement under Part 26 of the Companies Act (the "**Scheme**").

Immediately following Completion, it is expected that DPM's enlarged issued share capital will be owned approximately 75.3 per cent. by existing DPM Shareholders and approximately 24.7 per cent. by former Adriatic Shareholders.

Holders of Adriatic CDIs will participate in the Transaction on the same basis as holders of Adriatic Shares. Accordingly, unless the context requires otherwise, references to Adriatic Shares in this Announcement include Adriatic CDIs, references to Adriatic Shareholders include Adriatic CDI Holders, references to Adriatic Shareholders voting in respect of the Transaction, the Scheme or related matters shall include Adriatic CDI Holders procuring the same.

Mix and Match Facility

Adriatic Shareholders may elect, subject to off-setting elections, to vary the proportions in which they receive cash and New DPM Shares in respect of their holdings in Adriatic Shares. However, the total number of New DPM Shares to be issued and the aggregate amount of cash to be paid under the terms of the Transaction will not be varied as a result of elections under the Mix and Match Facility. Accordingly, satisfaction of elections made by Adriatic Shareholders under the Mix and Match Facility will depend on the extent to which other Adriatic Shareholders make offsetting elections.

To the extent that elections cannot be satisfied in full, they will be scaled down on a pro rata basis. As a result, those Adriatic Shareholders who make an election under the Mix and Match Facility will not necessarily know the exact number of New DPM Shares or the amount of cash they will receive until settlement of the consideration due to them under the terms of the Transaction.

The aggregate amount of cash to be paid and New DPM Shares to be issued under the terms of the Transaction will be £321 million and 54.9 million New DPM Shares, equating to 34.7 per cent cash and 65.3 per cent New DPM Shares, and will not be varied as a result of the Mix and Match Facility. The Mix and Match Facility is conditional upon the Transaction becoming Effective.

Elections under the Mix and Match Facility will not affect the entitlements of those Adriatic Shareholders who do not make such elections.

Further details in relation to the Mix and Match Facility will be contained in the Scheme Document.

New DPM Shares

The New DPM Shares will be credited as fully paid and will rank pari passu in all respects with the DPM Shares in issue at the time the New DPM Shares are issued pursuant to the Transaction, including the right to receive and retain dividends and other distributions declared, made or paid by reference to a record date falling after the Effective Date (other than as specified in paragraph 6 (*Dividends*) below).

Expected Timetable

It is expected that the Scheme Document, containing further information about the Transaction and notices of the Court Meeting and Adriatic General Meeting, together with the Forms of Proxy (for Adriatic Ordinary Shareholders), CDI Voting Instruction Forms (for Adriatic CDI Holders) and forms of election in respect of the Mix and Match Facility, will be mailed to Adriatic Shareholders as soon as reasonably practicable and, in any event, within 28 days of this Announcement unless otherwise agreed with the Panel.

The Scheme is expected to become Effective during the fourth quarter of 2025, subject to the satisfaction (or, where applicable, waiver) of the relevant Conditions and certain further terms set out in Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement.

An expected timetable of principal events will be included in the Scheme Document.

3 BACKGROUND TO AND REASONS FOR THE TRANSACTION

The acquisition of Adriatic has compelling strategic merit and is fully aligned with DPM's core competencies. DPM believes that the Transaction will form a strong combined group with an enhanced operating and financial profile, driven by an attractive production, mineral reserve and mineral resource base and a compelling metal mix. The Transaction is consistent with DPM's approach to shareholder returns, portfolio enhancements and leverages its complementary capabilities and significant balance sheet strength.

DPM believes that it would be a well-suited operator of Vareš given its financial strength and extensive experience and track record in the Balkans, where it currently operates an underground mine and an open pit mine. DPM has fostered strong partnerships with local governments and communities in the Balkan region and has a demonstrated history of working to create sustainable benefits for its stakeholders and local communities.

Vareš is a new underground precious metals rich mining operation, with a low-cost profile, long mine life and attractive exploration potential. Furthermore, DPM's proven exploration team is excited about the additional upside potential from further exploration activities at the extensive Vareš land package and, notably, the highly prospective Rupice Mine.

Consistent with DPM's financial priorities of generating attractive returns for shareholders, DPM expects the Transaction to be accretive, on a cash flow per share basis, in the first year post-Completion, delivering attractive returns for existing DPM and Adriatic shareholders, with additional upside from achieving and maintaining commercial production levels at Vareš, leveraging corporate infrastructure optimisation and supply efficiencies.

From DPM's perspective, the predominantly equity-based nature of the Transaction allows DPM to enhance its balance sheet strength which, when combined with Adriatic, is expected to increase its ability to fund growth and continue to return cash to shareholders through its current capital allocation and dividends policy.

The Transaction is expected to offer the following additional benefits:

- *Improved Financial Strength.* DPM anticipates that the Transaction will result in value creation from corporate and other operational synergies and enhanced financial flexibility to support the Combined Group's growth initiatives. Specifically, DPM's strong balance sheet and cash flow is expected to fund remaining ramp-up requirements at Vareš, construction capex for an additional operating mine and accelerate exploration across its expanded portfolio, thereby resulting in meaningful value creation for the Combined Group and avoiding dilution associated with large third-party financings.
- *Optimised Capital Allocation and Investment.* The Combined Group is expected to have a strong balance sheet, with significant free cash flow generation and exposure to mineral projects with strong economics across Bulgaria, Serbia, Ecuador and Bosnia and Herzegovina, which DPM believes will enable the Combined Group to optimise capital allocation, enhance its market valuation and investment across its portfolio of mining assets. DPM also believes that the strength of the Combined Group (expected to be evidenced by significant management expertise, free cash flow, a strong balance sheet and borrowing base potential) will provide an excellent platform for future investment and consolidation within the regions in which the Combined Group will operate.
- *De-Risking Mine Development.* The completion of the Transaction is expected to enhance DPM's ability to successfully develop a mine and launch operations at its Čoka Rakita Project, effectively de-risking the Čoka Rakita Project. By integrating Adriatic's experienced mining personnel into the Combined Group's operations, DPM is expected to demonstrate its ability to navigate the complexities of mine development and mitigate associated risks.
- *Continued Participation by Adriatic Shareholders.* Scheme Shareholders, through their ownership of New DPM Shares, will also participate in the mineral projects of DPM along with the potential valuation re-rating associated with a diversified operating portfolio, larger market capitalisation and more liquid shares.
- *Strong and Proven Management Team.* The Combined Group will benefit from the skill and expertise of DPM's current management team, who possess extensive experience in mine development, operations, finance, exploration and rightsholder and stakeholder engagement, all of which would accelerate the successful development of Adriatic's mineral projects.
- *Enhanced Capital Markets Profile.* The Transaction is expected to result in increased scale and liquidity with enhanced market relevance and financial flexibility and a lower cost of capital, with wider investor appeal and analyst coverage due to an even larger market capitalisation, which could provide an opportunity for a re-rating of the DPM Shares following completion of the Transaction.

4 **RECOMMENDATION OF THE ADRIATIC DIRECTORS AND ADRIATIC DIRECTORS' IRREVOCABLE UNDERTAKINGS**

The Adriatic Directors, who have been so advised by RBC Capital Markets as to the financial terms of the Transaction, consider the terms of the Transaction to be fair and reasonable. RBC Capital Markets is providing independent financial advice to the Adriatic Directors for the purposes of Rule 3 of the Takeover Code. In providing its advice, RBC Capital Markets has taken into account the commercial assessments of the Adriatic Directors.

The Adriatic Directors intend unanimously to recommend that Scheme Shareholders vote (and that Adriatic CDI Holders direct CDN to vote) in favour of the Scheme at the Court Meeting and Adriatic Shareholders vote in favour of the Adriatic Resolutions to be proposed at the Adriatic

General Meeting (or in the event that the Transaction is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer), as certain Adriatic Directors who are interested in Adriatic Shares have irrevocably undertaken to do in respect of their own beneficial holdings of, in aggregate, 1,572,383 Adriatic Shares (including in respect of Adriatic Shares, the underlying Adriatic CDIs), representing, in aggregate, approximately 0.46 per cent. of Adriatic's issued share capital as at the close of business on the Last Practicable Date.

5 **BACKGROUND TO AND REASONS FOR THE ADRIATIC DIRECTORS' UNANIMOUS RECOMMENDATION**

Background

Adriatic was established in 2017 with the ambition of building a world class precious and base metal mining operation in Europe with the primary objective of developing the Vareš Silver Project in Bosnia and Herzegovina. Adriatic has delivered on this objective, rapidly achieving a series of key milestones through feasibility studies completed in 2021 and following commencement of construction in 2022. Since the start of 2024, Adriatic has achieved significant progress, with the processing plant fully constructed in Q1 2024, the first sale of silver/lead and zinc concentrates in May 2024, and ramp up in production demonstrating material progress in 2025 year to date.

Throughout this development and construction phase, Adriatic has enjoyed support from its shareholders and been able to access capital to continue its expansion. In return, Adriatic has generated strong returns for its shareholders, increasing its market capitalisation from A\$10 million at IPO on the ASX in 2018 to A\$1,298 million on 20 May 2025, being the last Business Day in Sydney, Australia prior to the commencement of the Offer Period.

From the start, Adriatic has been committed to creating a positive impact in Bosnia and Herzegovina. Adriatic has been a leading investor in the region and has established strong partnerships with local communities and governments in the region. Adriatic is proud of the work undertaken by the Adriatic Foundation in supporting local communities around the Vareš and Kakanj regions to create a positive long-term legacy.

Offer from DPM

In parallel with the development and construction of the Vareš Silver Project, Adriatic has maintained a long-term working dialogue with DPM as an operator in a similar geographic region. It was against this backdrop that Adriatic received an initial, unsolicited proposal from DPM. The Adriatic Directors, together with their advisers and consistent with their directors' duties, assessed the proposal and, following a period of negotiation regarding the terms of the proposal, determined that the proposed transaction presented an attractive opportunity to combine with a larger, more diversified partner with strong and relevant expertise in the region and which is highly-qualified to continue the success Adriatic has delivered to date.

The Adriatic Directors remain confident that Adriatic's existing strategy would deliver significant value for Adriatic's shareholders if Adriatic remained an independent company and continued to execute its strategy successfully. However, the Adriatic Directors also believe the terms of the Transaction takes into account the quality of Adriatic's business and its future prospects, whilst accelerating the delivery of fair value to Adriatic Shareholders, without further capital investment or operational risk, thereby removing any inherent uncertainty and greater market volatility of the delivery of future value which exists as a standalone entity.

The Adriatic Directors have considered a range of factors in their assessment of the Transaction, including that the Transaction will create a stronger and more diversified combined group with an enhanced operating and financial profile. Furthermore, the form of consideration proposed by DPM allows Adriatic shareholders to benefit from the value creation potential of the

combined group, while also enabling Adriatic shareholders the option to realise part of the value of their holding in cash.

Factors considered by the Board of Adriatic

(i) Valuation

The financial terms of the Transaction represent a premium of:

- 50.5 per cent. to the Closing Price on the LSE of 178 pence per Adriatic Share on 19 May 2025 (being the last Business Day in London, England prior to the commencement of the Offer Period);
- 47.8 per cent. to the Closing Price on the ASX of AUD \$3.76 per Adriatic CDI on 20 May 2025 (being the last Business Day in Sydney, Australia prior to the commencement of the Offer Period);
- 31.8 per cent. to the 30-day volume-weighted average Adriatic share price on the LSE as of 19 May 2025, based on the 30-day volume-weighted average share price of DPM on the TSX as of 16 May 2025 (being the last Business Day in Toronto, Canada prior to the commencement of the Offer Period); and
- 33.5 per cent. to the 30-day volume-weighted average Adriatic CDI price on the ASX as of 20 May 2025 (being the last Business Day in Sydney, Australia prior to the commencement of the Offer Period), based on the 30-day volume-weighted average share price of DPM on the TSX on 16 May 2025 (being the last Business Day in Toronto, Canada prior to the commencement of the Offer Period).

(ii) Adriatic Shareholders' shareholding in DPM

It is expected that former Adriatic Shareholders will own 24.7 per cent. of the enlarged share capital of DPM. This will allow Adriatic Shareholders to benefit from the expected combination benefits, as set out in paragraph 3 (*Background to and reasons for the Transaction*), and in particular benefit from exposure to significant production globally, and enhanced cash flow and capital market access to support the Combined Group's growth initiatives.

The Adriatic Directors believe the increased scale of DPM following its combination with Adriatic, with associated enhanced market relevance, financial flexibility, and lower cost of capital, could provide an opportunity for a re-rating of the DPM Shares following completion of the Transaction.

(iii) DPM's ownership of the Adriatic assets

In addition to the financial terms of the Transaction, the Adriatic Directors have given consideration to DPM's intentions for the Adriatic business as part of the Combined Group. Adriatic Directors believe DPM is a highly-qualified owner of the Vareš project and has a high level of respect for its management team. Adriatic notes that DPM does not anticipate making any material changes to Adriatic's local workforce on site in Bosnia and Herzegovina and is committed to continuing Adriatic's positive engagement with local communities and stakeholders.

Therefore, after careful consideration together with its financial advisers, the Board of Adriatic has concluded that the Transaction is in the best interests of Adriatic Shareholders and Adriatic as a whole. Accordingly, the Adriatic Directors recommend unanimously the Transaction to Adriatic Shareholders.

6 **DIVIDENDS**

If, on or after the date of this Announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is announced, declared, made, or paid or becomes payable in respect of Adriatic, DPM reserves the right (without prejudice to any right DPM may have, with the consent of the Panel, to invoke the Condition set out in paragraph 10(c) in Part 1 of Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement) to:

- reduce the Consideration by the value implied under the terms of the Transaction for the Adriatic Shares by an amount up to the amount of any such dividend, distribution or other return of value, in which case any reference in this Announcement or in the Scheme Document to the Consideration will be deemed to be a reference to the Consideration so reduced; or
- declare and pay an equalising dividend to DPM Shareholders so as to reflect the value attributable to the dividend, distribution or other return of value announced, declared, made, paid or which becomes payable by Adriatic, without any consequential change to the Consideration.

If, on or after the date of this Announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is announced, declared, made, or paid or becomes payable in respect of DPM (other than, or in excess of, the DPM Permitted Distributions), Adriatic reserves the right to declare and pay an equalising dividend to Adriatic Shareholders so as to reflect the value attributable to the dividend, distribution or other return of value announced, declared, made, paid or which becomes payable by DPM and DPM shall have no right to reduce the Consideration in such circumstances.

For the avoidance of doubt, any exercise by DPM or Adriatic of their respective rights referred to in this section of the Announcement shall not be regarded as constituting any revision or variation of this Transaction.

Dividend policy post-Completion

Other than as specified above, Adriatic Shareholders will benefit from access to DPM's dividend policy in respect of each dividend for which the record date falls after the Effective Date. After Completion, the Board of DPM expects to maintain its current policy regarding capital allocation and returning excess capital to shareholders, as set out in DPM's quarterly fillings.

7 **INFORMATION ON ADRIATIC**

Adriatic is a UK-based precious and base metals producer, with listings on the London Stock Exchange and Australian Stock Exchange. Adriatic's asset portfolio consists of its flagship Vareš Silver Operation in Bosnia and Herzegovina and the exploration-stage Raška Project in Serbia.

The Vareš Silver Operation produces silver/lead and zinc concentrates and has the potential to be one of the world's largest producing, low-cost silver mines, with a high-grade Reserve base underpinning a 15-year mine life. First sale of concentrate was achieved in 2024 and the asset is currently ramping up to commercial production, with further plans underway to expand the plant processing capacity from 0.8 to 1.3 million tonnes per annum. The orebody remains open along strike and at depth, and there are several options available for regional exploration targets on Vareš' 44km² concession.

The Raška Project covers several past producing open pit mines located in the Raška District in Serbia. The Raška Project is in exploration stage, with Adriatic currently conducting resource definition drilling at both of the historic open pit mining operations, Kizevak and Sastavci, both of which closed in the late 1990s.

Adriatic Shares are publicly traded on the London Stock Exchange main market (symbol: ADT1) and on the Australian Stock Exchange (symbol: ADT). Adriatic is headquartered in the United Kingdom and its registered office is at 3 Hanover Square, London W1S 1HD, United Kingdom.

For the year ended 31 December 2024, Adriatic reported a total of 76 thousand tonnes of ore milled and a total of 1,335 thousand ounces of silver equivalent produced. The group generated pre-commercial production revenue of approximately US\$27.6 million (after deduction of treatment charges and offtake buyer's fees) and a gross profit of approximately US\$1.0 million.

For the quarter ended 31 March 2025, Adriatic reported silver production of 1.4 million ounces of silver equivalent, and total sales of US\$34 million. Adriatic made its first debt repayment to Orion Mine Finance of US\$20 million in the quarter and ended with a cash balance of US\$76 million. This also followed an equity raising of US\$50 million which took place on 18 February 2025 to support Adriatic's expansionary capital expenditure, including securing long-lead items for the Vareš Processing Plant expansion.

8 VAREŠ – TECHNICAL REPORT

Concurrent with this Announcement, DPM announced the results of an independent technical report for Vareš ("**Technical Report**"), prepared in accordance with Canada's National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* in connection with the Transaction.

The highlights of the conclusions of the Technical Report, as set out in DPM's TSX press release, are as follows:

- **Significant mine life and scale with low unit costs:** Based only on existing mineral resources, Vareš has a 15-year operating life with average annual production of approximately 168,000 ounces of gold equivalent at an all-in sustaining cost of US\$893 per ounce of gold equivalent.
- **Improved value and risk profile:** DPM's approach to the Vareš mine plan reflects an initial grade control and geotechnical drilling program to better define geological and geotechnical understanding of the orebody, facilitating accelerated access to higher-grade ore tonnage, as well as paste backfilling of mining areas. DPM forecasts achieving sustainable production of 850,000 tonnes per annum by year-end 2026.
- **Base case NPV5% of US\$1.6 billion (post-tax)** based on consensus long-term ("**LT**") metal prices, including LT silver price of US\$28 per ounce and LT gold price of US\$2,212 per ounce (the "**Base Case**"). Refer to the "Sensitivity Analysis" section of DPM's TSX press release for the project's economics at varying metal price assumptions.
- US\$2.1 billion of after-tax cash flow over the initial mine life at Base Case commodity price assumptions.
- **Large Mineral Resource base:** Vareš has an Indicated Mineral Resource of 90.8 million ounces of silver, 1.7 billion pounds of zinc, 1.1 billion pounds of lead, and 0.07 million ounces of gold, and an Inferred Mineral Resources of 4.3 million ounces of silver, 69 million pounds of zinc, 56 million pounds of lead, and 23 thousand ounces of gold. Refer to the "Mineral Resources and Mineral Reserves" section of DPM's TSX press release.

Further details regarding the results of the Technical Report can be found in DPM's TSX press release, produced in full in Appendix 6 of this Announcement. Certain of the financial items, including "all-in sustaining costs per gold equivalent ounce", which are included in this summary of DPM's TSX press release, have been determined using industry guidelines and practices and

are not measures under IFRS Accounting Standards and may not be comparable to similar measures. Refer to the "Non-GAAP Financial Measures" section of DPM's TSX press release for more information, including a detailed description of this measure.

The Technical Report will be available shortly following the date of this Announcement (and in any event by no later than 45 days from the date of this Announcement) on DPM's website accessible at <https://dundeeprecious.com/investors/possible-offer-for-adriatic-metals/>, and DPM's issuer profile on the Canadian System for Electronic Document Analysis and Retrieval +, accessible without charge at www.sedarplus.ca.

9 VALUATION REPORT

DPM will produce a valuation report in accordance with Rule 29 of the Code on Vareš which will be published prior to the release of the Scheme Document and reproduced within that document.

11 **DPM'S INTENTIONS FOR THE ADRIATIC BUSINESS**

Strategic plans for Adriatic

Adriatic's Vareš Silver Operation in Bosnia and Herzegovina is a high-margin, long life, asset of scale with strong strategic and operational alignment to DPM's high-quality portfolio of two producing mines in Bulgaria, as well as two development projects in Serbia and Ecuador. The Transaction will provide the opportunity to build on DPM's track record of responsibly operating large-scale, open pit and underground mines in Eastern Europe, including those with comparable operational characteristics.

In advance of this Announcement, DPM has thoroughly assessed Adriatic's current operations with a view to optimising the assets and improving productivity to ensure long term value creation within the Combined Group. In particular, DPM is contemplating changes to the current mine plan, mining method and other technical aspects of the Vareš Silver Operation. DPM has today announced the results of the Technical Report which provides detailed scientific and technical information with respect to its proposed approach to the Vareš Silver Operation. The Technical Report will be filed on SEDAR+ at www.sedarplus.ca and will be made available on DPM's website at <https://dundeeprecious.com/investors/possible-offer-for-adriatic-metals/> by no later than 28 July 2025, being 45 calendar days from the date of this Announcement. Alongside the preparation of the Technical Report, DPM has also identified several near- and long-term opportunities to optimise Vareš including improving and de-risking the production schedule, incorporating density weighting in the grade estimation method to increase metal in the high-grade stopes as well as significant near-mine exploration potential, notably by extending the Rupice Northwest deposit where it is open at depth towards the northwest. Following the completion of the Transaction, DPM expects to complete additional studies to more fully evaluate the potential growth and optimisation opportunities related to the Vareš operation. DPM does not intend to redeploy any of Adriatic's existing material fixed assets.

Social responsibility and communities

Through its long-standing approach to stakeholder engagement and community development, DPM is a responsible and committed steward of precious metals mining assets. In alignment with its purpose — to unlock resources and generate value to thrive and grow together — DPM actively supports the sustainable development of local communities where it operates, delivering meaningful impact through a range of social investment projects and initiatives. In the first 12 months following Completion, DPM will review Adriatic's existing community-related initiatives to ensure alignment with its own established policies and framework. At this stage, no material changes to Adriatic's current initiatives are anticipated, reflecting DPM's respect for Adriatic's ongoing efforts and its intention to build on Adriatic's existing community relationships.

Directors, management & employees

It is intended that, with effect from Completion, Laura Tyler, the Chief Executive Officer, and Michael Horner, the Chief Financial Officer, of Adriatic will step down from their executive positions. Laura Tyler and the other existing Adriatic Directors will also cease to be directors of the Board of Adriatic from Completion.

Following Completion, the global headquarters of the Combined Group and certain key functions will remain in Toronto, Canada, at DPM's existing headquarters. It is intended that Adriatic's existing head office in the United Kingdom will be closed, which will result in the termination of nine employees, which represents a limited proportion of the overall Adriatic

workforce. In addition, DPM will review the existing office locations of the Combined Group and may make select relocations or closures as part of the operational review. A limited number of Adriatic's personnel may be required to relocate as part of this review.

In addition to the above, DPM intends to take an approach to integration with the aim of retaining and motivating the best talent across the Combined Group. Detailed proposals in this regard will be developed and communicated to employees of the Combined Group in due course and could result in the reduction of up to 10%-20% of Adriatic's current workforce. In keeping with DPM's operating practices, DPM intends to focus on building the local workforce to fulfil the requisite skills and functions of the employees and management of the Combined Group.

Management incentivisation

Following Completion, DPM intends to review the management incentivisation structures of Adriatic. As at the date of this Announcement, there have been no discussions between DPM and any member of Adriatic management regarding incentivisation arrangements.

Pension Schemes

DPM recognises the importance of upholding Adriatic's pension obligations and ensuring that the existing pension schemes are appropriately funded in accordance with statutory requirements and their governing documentation.

Following Completion, DPM does not intend to make any changes to the agreed employer contributions into Adriatic's defined contribution pension arrangements, the accrual of benefits for existing members or the admission of new members to such pension arrangements, unless such changes are more favourable to the relevant member.

Research and development

Adriatic does not currently have a standalone research and development function and DPM does not intend on creating one, as these services will be supported within DPM.

Trading facilities

Refer to section 17 and 18 for details on intentions relating to the trading facilities as regards the Adriatic Shares and the DPM Shares.

No post-offer undertakings

None of the statements in this paragraph 11 (*DPM's intentions for the Adriatic business*) is a "post-offer undertaking" for the purposes of Rule 19.5 of the Takeover Code.

12 IRREVOCABLE UNDERTAKINGS AND VOTING SUPPORT AGREEMENTS

Adriatic Directors

DPM has received irrevocable undertakings from the Adriatic Directors who are interested in Adriatic Shares in respect of their own legal and/or beneficial holdings of Adriatic Shares to vote in favour of the Scheme and the Adriatic Resolutions in respect of a total of 1,572,383 Adriatic Shares, representing, in aggregate, 0.46 per cent. of Adriatic's total issued share capital on the Last Practicable Date.

In addition, DPM has received irrevocable undertakings from the Supporting non-director Shareholders in respect of their own legal and/or beneficial holdings of Adriatic Shares to vote in favour of the Scheme and the Adriatic Resolutions in respect of a total of 126,968,662 Adriatic

Further details of the irrevocable undertakings described above are set out in Part 1 of AppendixAppendix 3.

DPM Directors and Executive Officers

The issuance of the New DPM Shares pursuant to the Transaction requires the DPM Shareholder Resolution to be approved by a simple majority of the votes cast by DPM Shareholders, represented in person or by proxy, at the DPM Special Meeting.

The DPM Directors and Executive Officers have entered into voting support agreements to vote in favour of the DPM Shareholder Resolution at the DPM Special Meeting in respect of their own beneficial holdings of, in aggregate, 313,016 DPM Shares, representing, in aggregate, approximately 0.19 per cent. of DPM's issued share capital as at the close of business on the Last Practicable Date.

Further details of the voting support agreements described above are set out in Part 2 of AppendixAppendix 3.

13 FINANCING OF THE TRANSACTION

The cash consideration necessary to satisfy the Transaction in full will be funded from DPM's existing cash resources. BMO, in its capacity as financial adviser to DPM, is satisfied that sufficient cash resources are available to DPM to satisfy in full the cash consideration payable by DPM to Adriatic Shareholders pursuant to the terms of the Transaction.

14 SHARE PLANS

Participants in the Adriatic Share Incentive Plan will be contacted regarding the effect of the Transaction on their rights under the Adriatic Share Incentive Plan and provided with further details concerning any proposals applicable to them in due course. Details of the impact of the Transaction on the Adriatic Share Incentive Plan and any proposals will be set out in the Scheme Document or, as the case may be, the Offer Document and in separate letters to be sent to participants in the Adriatic Share Incentive Plan.

The Transaction will extend to any Adriatic Shares which are unconditionally allotted or issued before the Scheme Record Time, including those allotted or issued as a result of the exercise of options or rights or vesting of awards under the Adriatic Share Incentive Plan.

The Scheme will not extend to Adriatic Shares issued after the Scheme Record Time. However, it is proposed to amend Adriatic's articles of association at the Adriatic General Meeting to provide that, if the Transaction becomes effective, any Adriatic Shares issued to any person after the Scheme Record Time (including in satisfaction of an option or right exercised under the Adriatic Share Incentive Plan) will be automatically transferred to DPM in consideration for the payment by DPM to such persons of 93 pence in cash and 0.1590 New DPM Shares for each Adriatic Share so transferred.

15 OFFER-RELATED ARRANGEMENTS

Confidentiality Agreements

DPM and Adriatic entered into a confidentiality agreement on 12 December 2023 (the “**First Confidentiality Agreement**”) in connection with the Transaction, pursuant to which, among other things, DPM had undertaken to: (i) keep information relating to the Transaction and Adriatic’s group confidential and not to disclose it to third parties, subject to certain exceptions; and (ii) use such confidential information only in connection with the Transaction. Pursuant to the First Confidentiality Agreement, DPM also agreed to customary non-solicitation restrictions and standstill obligations. The confidentiality obligations under the First Confidentiality Agreement will remain in force until 13 January 2026.

Subsequently, DPM and Adriatic entered into a second confidentiality agreement on 11 April 2025 (the “**Second Confidentiality Agreement**”) in connection with the Transaction, pursuant to which, among other things, Adriatic has undertaken to: (i) keep information relating to the Transaction and DPM’s group confidential and not to disclose it to third parties, subject to certain exceptions; and (ii) use such confidential information only in connection with the Transaction. Pursuant to the Second Confidentiality Agreement, Adriatic also agreed to customary non-solicitation restrictions. The confidentiality obligations under the Second Confidentiality Agreement will remain in force until 11 April 2027.

Co-operation Agreement

On 13 June 2025, DPM and Adriatic entered into the Co-operation Agreement, pursuant to which, amongst other things:

- a) DPM and Adriatic have agreed to use their respective reasonable endeavours to satisfy any regulatory Conditions (being the Conditions set out in paragraphs 5 to 7 of Part 1 of Appendix 1) as soon as practicable following the date of this Announcement and in any event in sufficient time to enable the Effective Date to occur by the Long Stop Date;
- b) DPM and Adriatic have agreed certain customary undertakings to cooperate in relation to such regulatory clearances and authorisations; and
- c) DPM has agreed to provide Adriatic with certain information for the purposes of the Scheme Document and otherwise assist with the preparation of the Scheme Document and Adriatic has agreed to provide DPM with certain information for the purposes of the DPM shareholder circular and otherwise assist with the preparation of the DPM Information Circular.

Under the terms of Co-operation Agreement DPM has agreed to pay a reverse break fee to Adriatic of (A) US\$15,000,000 in the event that the DPM Shareholder Resolution is not approved by the requisite majority of votes cast by DPM Shareholders at the DPM Special Meeting (or at any adjournment or postponement thereof) at which the DPM Shareholder Resolution has been presented to the DPM Shareholders for approval; or (B) US\$37,500,000 in the event that: (i) the Acquisition is implemented by way of the Scheme, the Scheme has been approved by the requisite majority at the Court Meeting and the Adriatic Resolutions have been approved by the Adriatic Shareholders at the Adriatic General Meeting but that DPM Shareholder Resolution has not been presented to and approved by the DPM Shareholders before 10.00 p.m. on the Long Stop Date; or (ii) if there is a DPM Board Adverse Recommendation Change.

The Co-operation Agreement also records the intention of both Adriatic and DPM to implement the Transaction by way of a Scheme, subject to DPM’s right to switch to a Takeover Offer (subject to the consent of the Panel, where necessary, and in accordance with and subject to the terms of the Co-operation Agreement).

The Co-operation Agreement also contains provisions that will apply in respect of the Adriatic Share Incentive Plan and certain other employee-related matters as described in paragraph 14 above, as well as in respect of the provision of directors’ and officers’ insurance cover to certain Adriatic directors, officers and employees.

The Co-operation Agreement is capable of termination in certain circumstances, including, amongst other things:

- if DPM and Adriatic so agree in writing at any time prior to the Effective Date;
- if the DPM Shareholder Resolution is presented to DPM Shareholders for approval, but such approval is not obtained, at the DPM Special Meeting or at any adjournment or postponement thereof;
- upon service of written notice by DPM to Adriatic, if prior to the Long Stop Date, any Condition which has not been waived is (or has become) incapable of satisfaction by the Long Stop Date (and, if it is capable of waiver, DPM has stated in writing that it will not waive the relevant Condition); or any Condition which is incapable of waiver is incapable of satisfaction by the Long Stop Date, in each case in circumstances where the invocation of the relevant Condition (or confirmation that the Condition is incapable of satisfaction, as appropriate) has been permitted by the Panel;
- upon service of written notice by DPM to Adriatic if prior to the Long Stop Date: (i) a third party announces a firm intention to make an offer or revised offer for Adriatic which is recommended by the Adriatic Directors; (ii) a competing third party offer for Adriatic completes, becomes effective or is declared or becomes unconditional; or (iii) the Adriatic Directors change their recommendation in certain circumstances;
- upon service of written notice by DPM to Adriatic, if the Transaction (whether implemented by way of Scheme or by way of a Takeover Offer) is withdrawn, terminates or lapses in accordance with its terms and (where required) with the permission of the Panel, unless such lapse or withdrawal: (i) is as a result of DPM's exercise of the right to switch to a Takeover Offer; or (ii) where it is otherwise to be followed within five Business Days by a firm offer announcement made by DPM or any person acting in concert with DPM by a different offer or scheme of arrangement on substantially the same or improved terms;
- unless otherwise agreed by the parties in writing or required by the Panel, if the Effective Date has not occurred on or before the Long Stop Date; or on the Effective Date; or
- upon service of written notice by Adriatic to DPM, if a DPM Board Adverse Recommendation Change occurs prior to the DPM Special Meeting.

16 **STRUCTURE OF AND CONDITIONS TO THE TRANSACTION**

It is intended that the Transaction will be implemented by way of a court-sanctioned scheme of arrangement between Adriatic and the Scheme Shareholders under Part 26 of the Companies Act.

The purpose of the Scheme is to provide for DPM to become the owner of the entire issued and to be issued share capital of Adriatic. In order to achieve this, the Scheme Shares will be transferred to DPM under the Scheme, in consideration for which the Scheme Shareholders will receive the Consideration on the basis set out in paragraph 2 (*The Transaction*) of this Announcement. The transfer of the Scheme Shares to DPM will result in Adriatic becoming a wholly owned subsidiary of DPM.

The Transaction is subject to the Conditions and certain further terms set out in Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement and to the full terms and conditions which will be set out in the Scheme Document, which Adriatic

Shareholders are urged to read in full, and the Scheme will only become Effective if, among other things, the following events occur on or before the Long Stop Date:

- a resolution to approve the Scheme is passed by a majority in number of the Scheme Shareholders present and voting (and entitled to vote) at the Court Meeting, either in person or by proxy, representing not less than seventy-five per cent. in value of the Adriatic Shares voted by such Scheme Shareholders;
- the Adriatic Resolutions are passed by the requisite majority of Adriatic Shareholders present and voting (and entitled to vote) at the Adriatic General Meeting, either in person or by proxy;
- the DPM Shareholder Resolution is passed by a simple majority of the votes cast by DPM Shareholders represented in person or by proxy at the DPM Special Meeting and such DPM Shareholder Resolution remaining valid;
- following the Adriatic Meetings and satisfaction and/or waiver (where applicable) of the other Conditions, the Scheme is sanctioned (with or without modification, and, if with modification, on terms agreed by DPM and Adriatic) by the Court; and
- following such sanction, the Court Order is delivered to the Registrar of Companies for registration.

In addition, the Scheme will lapse and the Transaction will not proceed if, among other things:

- the Adriatic Meetings are not held on or before the 22nd day after the expected date of such meetings, which will be set out in the Scheme Document in due course (or such later date as may be agreed in writing by DPM and Adriatic, or in a competitive situation, as may be specified by DPM, in each case, with the consent of the Panel and, if required, the Court);
- the Scheme Court Hearing is not held on or before the 22nd day after the expected date of such hearing, which will be set out in the Scheme Document in due course (or such later date as may be agreed in writing by DPM and Adriatic, or in a competitive situation, as may be specified by DPM, in each case, with the consent of the Panel and, if required, the Court); or
- the Scheme does not become unconditional and effective on or before the Long Stop Date.

Upon the Scheme becoming effective: (i) it will be binding on all Scheme Shareholders (including, for the avoidance of doubt, those Adriatic CDI Holders who are entitled to instruct CDN to vote by executing and delivering a CDI Voting Instruction Form), irrespective of whether or not they attended or voted, or instructed CDN to attend or vote, at the Court Meeting (and if they attended and voted, or instructed CDN, whether or not they voted, or instructed that CDN vote, in favour); and (ii) share certificates in respect of Adriatic Shares and CHESS holding statements or uncertificated holding statements for Adriatic CDIs will cease to be valid and should be destroyed, and entitlements to Adriatic Shares held within the CREST system and to Adriatic CDIs within the CHESS system will be cancelled.

Any Adriatic Shares issued before the Scheme Record Time will be subject to the terms of the Scheme. The Adriatic Resolutions to be proposed at the Adriatic General Meeting will, among other things, provide that the Adriatic Articles be amended to incorporate provisions requiring any Adriatic Shares issued after the Scheme Record Time (other than to DPM and/or its nominees) to be automatically transferred to DPM on the same terms as the Transaction (other than terms as to timings and formalities). The provisions of the Adriatic Articles (as amended)

will avoid any person (other than DPM and its nominees) holding shares in the capital of Adriatic after the Effective Date.

The terms of the Scheme will provide that the Adriatic Shares will be acquired under the Scheme fully paid and free from all liens, equitable interests, charges, encumbrances, options, rights of pre-emption and any other third party rights or interests of any nature whatsoever and together with all rights attaching thereto, including the right to receive and retain all dividends and other distributions and returns of value declared, paid or made after the Effective Date.

It is expected that the Scheme Document, containing further information about the Transaction and notices of the Court Meeting and Adriatic General Meeting, together with the Forms of Proxy (for Adriatic Ordinary Shareholders), CDI Voting Instruction Forms (for Adriatic CDI Holders) and forms of election in respect of the Mix and Match Facility, will be mailed or emailed (as applicable) to Adriatic Shareholders as soon as reasonably practicable.

The Scheme Document will also contain the expected timetable for the Transaction, specify the necessary actions to be taken by Adriatic Shareholders (including Adriatic CDI Holders), and set out how Adriatic Shareholders can hold, access and trade their interests in New DPM Shares. The Scheme is expected to become Effective during the fourth quarter of 2025, subject to the satisfaction (or, where applicable, waiver) of all relevant Conditions and further terms set out in Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*).

The Scheme will be governed by English law and will be subject to the jurisdiction of the courts of England and to the conditions and further terms set out in this Announcement and the Scheme Document. The Transaction and the Scheme will be subject to the applicable requirements of the Takeover Code, the Panel, the LSE, the FCA, the TSX, the ASX and applicable securities laws.

It is expected that the DPM Information Circular, containing further information about the Transaction and notice of the DPM Special Meeting, will be mailed to DPM Shareholders at or around the same time as the Scheme Document or soon thereafter. It is also expected that the DPM Special Meeting will be held on the same day as the Adriatic Meetings.

DPM reserves the right to elect, with the consent of the Panel, to implement the Transaction by way of a Takeover Offer. If the Transaction is effected by way of a Takeover Offer, such Takeover Offer will be implemented on the same terms (subject to appropriate amendments as described in Part 2 of Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*)), so far as applicable, as those which would apply to the Scheme. If any such Takeover Offer becomes or is declared unconditional in all respects and sufficient acceptances are received, DPM intends to exercise its rights to apply the provisions of Chapter 3 of Part 28 of the Companies Act to acquire compulsorily the remaining Adriatic Shares in respect of which the Takeover Offer has not been accepted.

17 **DELISTING AND RE-REGISTRATION**

Prior to the Scheme becoming effective, it is intended that applications will be made to: (a) the LSE to cancel trading in Adriatic Shares on its main market for listed securities; (b) the FCA to cancel the listing of the Adriatic Shares from the Official List; and (c) the ASX to terminate the quotation of Adriatic CDIs on the ASX and remove Adriatic from the Official List of the ASX, in each case with effect from or shortly following the Effective Date.

It is expected that the last day of dealings in, and registration of transfers of, Adriatic Shares on the LSE will be the Business Day immediately prior to the Effective Date and no transfers will be registered after 6.00 p.m. (London time) on that date.

After the Scheme Record Time and before the Scheme becomes Effective, entitlements to Adriatic Shares in CREST will be cancelled and such entitlements dematerialized. On the

Effective Date, all share certificates in respect of the Adriatic Shares will cease to be valid and should be destroyed.

It is expected that the de-listing and cancellation of admission to trading of Adriatic Shares would take effect on the Business Day after the Effective Date.

Adriatic CDIs are currently traded on the ASX. It is intended that a request will be made to the ASX to suspend trading in Adriatic CDIs on the ASX and delist the Adriatic CDIs from the ASX, with the suspension expected to take effect at close of trading on the day falling two ASX trading days before the Scheme Record Date and the de-listing expected to take effect on or shortly after the Effective Date.

As soon as possible after the Effective Date, it is intended that Adriatic will be re-registered as a private company under the relevant provisions of the Companies Act.

18 LISTING OF THE NEW DPM SHARES

Once the Scheme has become Effective, New DPM Shares will be allotted to former Adriatic Shareholders.

As set out in paragraph 4 in Part 1 of Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement, it is a condition of the Transaction that the approval of the TSX shall have been obtained for the listing of the New DPM Shares to be issued to Adriatic Shareholders as part of the Consideration.

Prior to the Scheme becoming effective, it is intended that an application will be made to the TSX in respect of the listing of the New DPM Shares on the TSX. Listing of the New DPM Shares on the TSX will be subject to the approval of the TSX and fulfilling all its listing requirements.

Further details on listing, dealing and settlement will be included in the Scheme Document.

19 FRACTIONAL ENTITLEMENTS

Fractions of New DPM Shares will not be allotted or issued to Adriatic Shareholders pursuant to the Transaction. Instead, Adriatic Shareholders who otherwise would have received a fraction of a New DPM Share will receive an amount in cash rounded to the nearest penny, based on the amount obtained by multiplying such fraction by the average Closing Price of DPM Shares on the TSX on each of the five consecutive trading days ending on the trading day which is two trading days prior to the Effective Date, except that individual entitlements of less than £5.00 will not be paid but will be retained for the benefit of the Combined Group.

20 CONSENTS

BMO, Macquarie Capital and RBC Capital Markets have each given and not withdrawn their consent to the publication of this Announcement with the inclusion herein of the references to their names in the form and context in which they appear.

21 DISCLOSURE OF INTERESTS

As at close of business on the Business Day prior to the date of this Announcement, save for the irrevocable undertakings referred to in paragraphs 4 (*Recommendation of the Adriatic Directors and Irrevocable Undertakings*) and 12 (*Irrevocable Undertakings and Voting Support Agreements*) above, neither DPM, nor any of its directors, nor any person acting in concert (within the meaning of the Takeover Code) with DPM:

- has any interest in, or right to subscribe for, any Adriatic Shares nor does any such person have any short position in Adriatic Shares, including any short position under

a derivative, any agreement to sell, any delivery obligation or right to require another person to purchase or take delivery of Adriatic Shares;

- has borrowed or lent any Adriatic Shares or entered into any financial collateral arrangements relating to Adriatic Shares; or
- is party to any dealing of the kind referred to in Note 11 on the definition of acting in concert in the Takeover Code in relation to the relevant securities of Adriatic.

“Interests” for these purposes arise, in summary, when a person has long economic exposure, whether absolute or conditional, to changes in the price of securities (and a person who only has a short position in securities is not treated as interested in those securities).

23 GENERAL

DPM reserves the right to elect, with the consent of the Panel, to implement the Transaction by way of a Takeover Offer for the entire issued and to be issued share capital of Adriatic not already held by DPM as an alternative to the Scheme.

If the Transaction is effected by way of a Takeover Offer, and such Takeover Offer becomes or is declared unconditional in all respects and sufficient acceptances are received, DPM intends: (i) that an application will be made to: (a) the LSE to cancel trading in Adriatic Shares on its main market for listed securities; (b) the FCA to cancel the listing of the Adriatic Shares from the Official List; and (c) the ASX to terminate the quotation of Adriatic CDIs on the ASX and remove Adriatic from the Official List of the ASX, in each case with effect from or shortly following the Effective Date; and (ii) to exercise its rights to apply the provisions of Chapter 3 of Part 28 of the Companies Act so as to acquire compulsorily the remaining Adriatic Shares in respect of which the Takeover Offer has not been accepted.

In the event that the Transaction is to be implemented by way of a Takeover Offer, the Adriatic Shares will be acquired pursuant to the Takeover Offer fully paid and free from all liens, charges, equitable interests, encumbrances and rights of pre-emption and any other interests of any nature whatsoever and together with all rights attaching thereto. Any new Adriatic Shares issued to DPM pursuant to the Scheme will be issued on the same basis, other than as specified in this Announcement.

The Transaction will be subject to the Conditions and certain further terms set out in this Announcement, including Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement, and to the full terms and conditions which will be set out in the Scheme Document. Appendix 2 (*Sources of Information and Bases of Calculation*) to this Announcement contains the bases of calculation and sources of certain information contained in this Announcement. Any persons who are subject to the laws of any jurisdiction other than the United Kingdom or Australia should inform themselves about, and observe any applicable legal or regulatory requirements.

In particular, the ability of persons who are not citizens of or resident in the United Kingdom or Australia, or who are subject to the laws of another jurisdiction, to vote their Adriatic Shares with respect to the Scheme at the Court Meeting, or to execute and deliver Forms of Proxy or CDI Voting Instruction Forms appointing or instructing (as applicable) another to vote at the Court Meeting on their behalf, may be affected by the laws of the relevant jurisdictions in which they are located or of which they are citizens.

Any failure to comply with the applicable restrictions may constitute a violation of the securities laws of any such jurisdiction. Doing so may render invalid any related purported vote in respect of the Transaction. Notice to Australian Adriatic CDI Holders

The New DPM Shares to be offered to Adriatic Shareholders under the Transaction are proposed to be offered in Australia in reliance on ASIC Corporations (Compromises or Arrangements) Instrument 2015/358 which provides disclosure relief for the offer of securities for issue or sale under a foreign compromise or arrangement made in accordance with the laws in force in the United Kingdom, being an eligible foreign country. Neither this Announcement nor any other offering or marketing material relating to the Scheme, the New DPM Shares constitutes a disclosure document, prospectus, scheme booklet or product disclosure statement under Part 5.1, Part 6D.2 or Chapter 7 of the Australian Corporations Act 2001 (Cth) and this Announcement has not been, and will not be, lodged with the Australian Securities and Investments Commission. This Announcement does not contain the information required to be contained in a disclosure document, prospectus, scheme booklet or product disclosure statement for the purposes of the Australian Corporations Act. Neither this Announcement, nor any other offering or marketing material relating to the New DPM Shares or the Transaction, may be made available or distributed in Australia other than to Adriatic Shareholders with a registered address in Australia and their advisors and in compliance with Australian law. Failure to comply with this restriction may contravene applicable Australian law.

If, in the future, DPM exercises its right to implement the Transaction by way of a Takeover Offer and determines to extend such Takeover Offer into Australia, DPM may seek relief from the Australian Securities and Investments Commission from the disclosure and secondary sale requirements of Chapters 6D.2 and 6D.3 of the Australian Corporations Act in order to distribute the Offer Document to Adriatic Shareholders in Australia in respect of Adriatic CDIs listed on the ASX.

The Scheme Document will contain further information about the Transaction and the treatment of Adriatic CDI Holders, including steps to be taken by Adriatic CDI Holders to complete and return CDI Voting Instruction Forms and otherwise participate in the Scheme.

Notice to Adriatic US Shareholders

The Transaction relates to the shares of an English company and is being made by means of a scheme of arrangement provided for under the Companies Act. The New DPM Shares to be issued pursuant to the Transaction have not been registered under the US Securities Act or under any laws or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the US Securities Act.

The New DPM Shares to be issued pursuant to this Transaction by means of a scheme of arrangement are intended to be issued in reliance upon the exemption from the registration requirements of the US Securities Act, pursuant to the exemption from registration set forth in

Section 3(a)(10) thereof. A transaction effected by a scheme of arrangement is not subject to the proxy solicitation or tender offer rules under the US Exchange Act. Accordingly, the Scheme will be subject to the disclosure requirements and practices applicable to schemes of arrangement involving a target company incorporated in England and listed on the LSE and the ASX, which differ from the disclosure requirements of the US tender offer rules.

For the purposes of qualifying for the exemption from the registration requirements of the US Securities Act afforded by Section 3(a)(10) thereunder, Adriatic will advise the Court that its sanctioning of the Scheme will be relied on by DPM as an approval of the Scheme following a hearing on the fairness of the terms and conditions of the Scheme to Adriatic Shareholders, at which Court hearing all Adriatic Shareholders are entitled to attend in person or through counsel to support or oppose the sanctioning of the Scheme and with respect to which notification has been given to all such holders.

If, in the future, DPM exercises its right to implement the Transaction by way of a Takeover Offer and determines to extend such Takeover Offer into the United States, such Takeover Offer will be made in compliance with the applicable US laws and regulations, including, without limitation, to the extent applicable, Section 14(e) of the US Exchange Act and Regulation 14E thereunder, and subject, in the case of participation by Adriatic Shareholders resident in the United States, to the availability of an exemption (if any) from the registration requirements of the US Securities Act and of the securities laws of any state or other jurisdiction of the United States. Such Takeover Offer would be made by DPM and no one else.

In accordance with normal United Kingdom practice, and pursuant to Rule 14e-5(b) of the US Exchange Act, DPM or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Adriatic outside of the US, other than pursuant to the Transaction, until the date on which the Transaction and/or Scheme becomes effective, lapses or is otherwise withdrawn. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

Neither the SEC nor any US state securities commission or any other US regulatory authority has approved or disapproved of the New DPM Shares to be issued in connection with the Transaction, or determined if this Announcement is truthful or complete. Any representation to the contrary is a criminal offence in the United States.

It may be difficult for Adriatic US Shareholders to enforce their rights and any claims arising out of the US federal securities laws in connection with the Transaction, since DPM and Adriatic are incorporated under the laws of a non-US jurisdiction, some or all of their respective directors and officers may be residents of a non-US jurisdiction, and a substantial portion of DPM's and Adriatic's assets and these non-resident persons will be located outside of the United States. Adriatic US Shareholders may not be able to sue a non-US company or its directors and officers in a non-US court for violations of the US federal securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to the jurisdiction or judgment of a US court.

Any financial statements or certain other financial information (other than Non-GAAP financial measures), refer to the "Non-GAAP Financial Measures" section of DPM's TSX press release for more information) and the Scheme Document (or, if the Transaction is implemented by way of a Takeover Offer, the Offer Document) has been or will have been prepared in accordance with (i) with respect to Adriatic, accounting standards applicable in the United Kingdom, and (ii) with respect to DPM, IFRS Accounting Standards, that, in each case, may not be comparable to financial information of US companies or companies whose financial statements are prepared in accordance with US GAAP. US GAAP differs in certain significant respects from accounting standards applicable in the United Kingdom as well as IFRS Accounting Standards. None of the

financial statements or other financial information relating to Adriatic in this Announcement has been audited in accordance with auditing standards generally accepted in the United States or the auditing standards of the Public Company Accounting Oversight Board (United States).

DPM's mineral reserves and mineral resources and the Vareš mineral reserves and mineral resources derived from the Technical Report are prepared in accordance with NI 43-101 and the Canadian Institute of Mining, Metallurgy and Petroleum – Definition Standards adopted by CIM Council on 10 May 2014, as required by Canadian securities regulatory authorities. Adriatic's mineral resource and ore reserve estimates are prepared according to the Australian Code for Reporting Exploration Results, Mineral Resources and Ore Reserves standard and guidelines publishes and maintained by the Joint Ore Reserves of the Australian Institute of Mining and Metallurgy, Australian Institute of Geoscientists and Minerals Council of Australia. There are differences between the standards and terms used for reporting mineral reserves and mineral resources in Canada, mineral resources and ore reserves under JORC 2012, and mineral resources and mineral reserves reported in the United States pursuant to the rules and regulations of the SEC. These standards differ from the requirements of the SEC applicable to domestic United States reporting companies. Accordingly, information reported by DPM and Adriatic on their mineral deposits may not be comparable to similar information made public by United States companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

Adriatic US Shareholders should also be aware that the Transaction may have tax consequences in the United States and that such consequences, if any, are not described herein. Adriatic US Shareholders are urged to consult with their own legal, tax and financial advisers in connection with making a decision regarding this Transaction.

Cautionary Note Regarding Forward-Looking Statements

This Announcement (including information incorporated by reference into this Announcement), oral statements made regarding the Transaction, and other information published or to be published by DPM and/or Adriatic, contain statements which are, or may be deemed to be, "forward-looking statements". Forward-looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and projections of the management of DPM and/or Adriatic (as applicable) about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements.

The forward-looking statements contained in this Announcement include statements with respect to the financial condition, results of operations and business of Adriatic and DPM and certain plans and objectives of DPM with respect to Adriatic, the benefits of the Transaction to the parties and their respective shareholders and/or other stakeholders, the results derived from the Technical Report, and other statements other than historical facts. Often, but not always, forward-looking statements can be identified by the fact that they do not relate only to historical or current facts and may use forward-looking words, phrases and expressions such as "anticipate", "target", "expect", "believe", "intend", "foresee", "predict", "project", "estimate", "forecast", "intend", "plan", "budget", "scheduled", "goal", "believe", "hope", "aims", "continue", "likely", "will", "may", "might", "should", "would", "could", "seek", "plan", "scheduled", "possible", "continue", "potential", "outlook", "target" or other similar words, phrases, and expressions; provided that the absence thereof does not mean that a statement is not forward-looking. Similarly, statements that describe objectives, plans or goals are or may be forward-looking statements. These statements are based on assumptions and assessments made by Adriatic and/or DPM (as applicable) in light of their experience and their perception of historical trends, current conditions, future developments and other factors they believe appropriate. By their nature, forward-looking statements involve known and unknown risk and uncertainty and other factors which may cause actual results, performance, actions, achievements or developments to differ materially from those expressed in or implied by such forward-looking statements, because they relate to events and depend on circumstances that

will occur in the future. Although DPM and/or Adriatic believe that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct and you are therefore cautioned not to place undue reliance on these forward-looking statements which speak only as at the date of this Announcement.

There are a number of factors which could cause actual results, performance, actions, achievements or developments to differ materially from those expressed or implied in forward-looking statements. Such factors include, but are not limited to: the ability to proceed with or complete the Transaction; the ability to obtain requisite regulatory and shareholder approvals and the satisfaction of other Conditions on the proposed terms; changes in the global, political, economic, social, business and competitive environments and in market and regulatory forces; changes in future inflation, deflation, exchange and interest rates; changes in tax and national insurance rates; future business combinations, capital expenditures, acquisitions or dispositions; changes in general and economic business conditions; changes in the behaviour of other market participants; the anticipated benefits of the Transaction not being realised as a result of changes in general economic and market conditions in the countries in which DPM and Adriatic operate; changes in or enforcement of national and local government legislation, taxation, controls or regulations and/or changes in the administration of laws, policies and practices, expropriation or nationalisation of property and political or economic developments in Bosnia and Herzegovina, Serbia, Bulgaria and Ecuador and other jurisdictions in which the DPM Group and Adriatic Group carry on business or may carry on business in the future; fluctuations in the spot and forward price of gold, copper, silver and other metals or certain other commodities (such as diesel fuel, natural gas and electricity); the results of exploration activities and feasibility studies; the speculative nature of mineral exploitation and development; risks that exploration data may be incomplete and considerable additional work may be required to complete future evaluation, including but not limited to drilling, engineering and socioeconomic studies and investment; future prices of gold and other metals; possible variations of ore grade or recovery rates; accidents, labour disputes and other risks of the mining industry; discovery of archaeological ruins; risk of loss due to acts of war, terrorism, sabotage and civil disturbances operating or technical difficulties in connection with mining or development activities, including geotechnical challenges and disruptions in the maintenance or provision of required infrastructure and information technology systems; outcome of pending or future litigation proceedings; the failure to maintain effective internal control over financial reporting or effective disclosure controls and procedures, the inability to remediate one or more material weaknesses, or the discovery of additional material weaknesses, in the internal control over financial reporting; other business and operational risks and challenges; failure to comply with environmental and health and safety laws and regulations; timing of receipt of, or failure to comply with, necessary notices, concessions, permits and approvals; weak, volatile or illiquid capital and/or credit markets; changes in the degree of competition in the geographic and business areas in which DPM and Adriatic operate; any public health crises, pandemics or epidemics and repercussions thereof; changes to the Boards of DPM and/or Adriatic and/or the composition of their respective workforces; safety and technology risks; exposures to terrorist activity, IT system failures, cyber-crime, fraud and pension scheme liabilities; risks relating to environmental matters such as climate change including DPM and/or Adriatic's ability along with applicable governmental bodies and/or other stakeholders to measure, manage and mitigate the impacts of climate change effectively; changes to law and/or the policies and practices of regulatory and governmental bodies; Russia's invasion of Ukraine, conflicts in the Middle East, and any cost of living crisis or recession. Specific reference is made to the most recent Annual Information Form filed by DPM at www.sedarplus.ca for additional information on some of the factors and risks that may affect DPM's ability to achieve the expectations set forth in the forward-looking statements contained in this Announcement. Other unknown or unpredictable factors could cause actual results, performance, actions, achievements or developments to differ materially from those expected, estimated or projected in the forward-looking statements. If any one or more of these risks or uncertainties materialises or if any one or more of the assumptions proves incorrect, actual results, performance, actions, achievements or developments may differ materially from those expected, estimated or

projected. Such forward-looking statements should therefore be construed in the light of such factors.

Any forward-looking statement in this Announcement speaks only as at the date of this Announcement. Neither DPM nor Adriatic, nor any of their respective associates, directors, officers or advisers, provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this Announcement will actually occur.

Neither DPM nor Adriatic assumes any obligation to update or correct the information contained in this Announcement (whether as a result of new information, future events or otherwise), except as required by applicable law. All subsequent written or oral forward-looking statements attributable to DPM or Adriatic or any person acting on their behalf are qualified by the cautionary statements herein.

Dealing and Opening Position Disclosure Requirements

Under Rule 8.3(a) of the Takeover Code, any person who is interested in one per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified.

An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 pm (London time) on the 10th business day following the commencement of the offer period and, if appropriate, by no later than 3.30 pm (London time) on the 10th business day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Takeover Code, any person who is, or becomes, interested in one per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror, save to the extent that these details have previously been disclosed under Rule 8 of the Takeover Code. A Dealing Disclosure by a person to whom Rule 8.3(b) of the Takeover Code applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3 of the Takeover Code.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4 of the Takeover Code).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Panel's website at www.thetakeoverpanel.org.uk, including details of the number

of relevant securities in issue, when the offer period commenced and when any offeror was first identified. You should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129 if you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure.

Part 2

Further Terms of the Transaction

- 1 Subject to the requirements of the Panel, the Court and the Takeover Code, DPM reserves the right to:
 - (a) extend any of the deadlines set out in paragraphs 1 and 2(a)(ii), 2(b)(ii) and 2(c)(ii) of Part 1 of this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to such later date as may be (a) agreed in writing by DPM and Adriatic or (b) (in a competitive situation) specified by DPM. If any such deadline is not met, DPM shall make an announcement by 8.00 a.m. on the Business Day following such deadline confirming whether it has invoked or waived the relevant Condition or agreed with Adriatic (or, as the case may be, the Panel) to extend the deadline in relation to the relevant Condition; and
 - (b) waive in whole or in part, all or any of the Conditions set out in paragraphs 6 to 14 (inclusive) of Part 1 of this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*). For the avoidance of doubt, the Conditions set out in paragraphs 2(a)(i), 2(b)(i), 2(c)(i), 2(c)(iii), 3 and 4 of Part 1 of this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) cannot be waived.
- 2 DPM shall be under no obligation to waive (if capable of waiver), to determine to be or remain satisfied or to treat as satisfied any of the Conditions that it is entitled (with the consent of the Panel and subject to the requirements of the Takeover Code) to waive, by a date earlier than the latest date specified above for the fulfilment or waiver thereof, notwithstanding that the other Conditions may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any such Conditions may not be capable of fulfilment.
- 3 Under Rule 13.5(a) of the Code, DPM may not invoke a Condition to the Transaction so as to cause the Transaction not to proceed or to be withdrawn unless the circumstances which give rise to the right to invoke the Condition are of material significance to DPM in the context of the Transaction. Under Rule 13.5(a) of the Takeover Code, DPM may only invoke a Condition so as to cause the Transaction not to proceed, to lapse or to be withdrawn with the consent of the Panel. The Panel will normally only give its consent if the circumstances which give rise to the right to invoke the Condition are of material significance to DPM in the context of the Transaction. This will be judged by reference to the facts of each case at the time that the relevant circumstances arise. The Conditions set out in paragraphs 1, 2(a), 2(b), 2(c), 3 and 4 of Part 1 of this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) and, if applicable, any acceptance condition if the Transaction is implemented by means of a Takeover Offer, are not subject to Rule 13.5(a) of the Takeover Code.
- 4 If DPM is required by the Panel to make an offer for Adriatic Shares under the provisions of Rule 9 of the Takeover Code, DPM may make such alterations to any of the Conditions and the terms of the Transaction as are necessary to comply with the provisions of Rule 9.
- 5 DPM reserves the right, subject to the terms of the Co-operation Agreement and with the consent of the Panel, to elect to implement the Transaction by way of a Takeover Offer as an alternative to the Scheme. In such event, such Takeover Offer will (unless otherwise determined by DPM and subject to the consent of the Panel) be implemented on the same terms and conditions, subject to appropriate amendments to reflect the change in method of effecting the Transaction. Further, if sufficient acceptances of such Takeover Offer are received and/or sufficient Adriatic Shares are otherwise acquired, it is the intention of DPM to apply the provisions of Chapter

3 of Part 28 of the Companies Act to acquire compulsorily any outstanding Adriatic Shares to which such Takeover Offer relates.

- 6 The Adriatic Shares which will be acquired pursuant to the Transaction will be acquired fully paid and free from all liens, equities, charges, encumbrances, options, rights of pre-emption and any other third party rights and interests of any nature whatsoever and together with all rights now or hereafter attaching or accruing to them, including voting rights and the right to receive and retain dividends and other distributions declared, made or paid by reference to a record date falling after the Effective Date (other than as specified in paragraph 6 (*Dividends*) above).
- 7 If, on or after the date of this Announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is announced, declared, made, or paid or becomes payable in respect of Adriatic, DPM reserves the right (without prejudice to any right DPM may have, with the consent of the Panel, to invoke the Condition set out in paragraph 10(c) of Part 1 of this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*)) to reduce the Consideration by the value implied under the terms of the Transaction for the Adriatic Shares by an amount up to the amount of any such dividend, other distribution or return of value, in which case any reference in this Announcement or in the Scheme Document to the Consideration will be deemed to be a reference to the Consideration so reduced. For the avoidance of doubt, any exercise by DPM of its rights referred to in this paragraph, or in paragraph 5 of this Part 2 of Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement, shall not be regarded as constituting any revision or variation of this Transaction.
- 8 The New DPM Shares will be issued credited as fully paid and will rank pari passu in all respects with the DPM Shares in issue at the time the New DPM Shares are issued pursuant to the Transaction. An application will be made to the TSX for the New DPM Shares to be admitted to trading on the TSX. Listing of the New DPM Shares on the TSX will be subject to satisfying all of the requirements of the TSX.
- 9 Fractions of New DPM Shares will not be allotted or issued pursuant to the Transaction. Instead, Adriatic Shareholders who otherwise would have received a fraction of a New DPM Share will instead receive an amount in cash rounded to the nearest penny, based on the amount obtained by multiplying such fraction by the average Closing Price of DPM Shares on the TSX on each of the five consecutive trading days ending on the trading day which is two trading days prior to the Effective Date, except that individual entitlements of less than £5.00 will not be paid but will be retained for the benefit of the Combined Group.
- 10 The availability of the Transaction to persons not resident in the United Kingdom and Australia may be affected by the laws of the relevant jurisdictions in which they are located. Persons who are not resident in the United Kingdom and Australia should inform themselves of, and observe any applicable legal or regulatory requirements of their jurisdictions. Any failure to comply with the applicable restrictions may constitute a violation of the securities laws of any such jurisdiction. To the fullest extent permitted by applicable law, the companies and persons involved in the Transaction disclaim any responsibility or liability for the violation of such restrictions by any person.
- 11 The Transaction will not be made, directly or indirectly, in, into or from, or by use of the mails of, or by any means of instrumentality (including, without limitation, facsimile or other electronic transmission, telex, telephone, internet or e-mail) of interstate or foreign commerce of, or of any facility of a national securities exchange of, any Restricted Jurisdiction and the Transaction will not be capable of acceptance

by any such use, means, instrumentality or facility or from within any Restricted Jurisdiction.

- 12 The New DPM Shares to be issued pursuant to the Transaction have not been and will not be registered or qualified for distribution under the US Securities Act or under any laws of any state, district or other jurisdiction nor under any of the relevant securities laws of Canada, Japan or Australia. Accordingly, the New DPM Shares may not be offered, sold or delivered, directly or indirectly, in the United States, Canada, Japan or Australia nor to any United States person, except pursuant to exemptions from applicable requirements of any such jurisdiction, including, without limitation, the exemption from the registration requirements of the US Securities Act provided by Section 3(a)(10) thereof in compliance with any applicable securities laws of any state or other jurisdiction of the United States and the prospectus exemption provided by Section 2.11 or Section 2.16 of National Instrument 45-106 - *Prospectus Exemptions* of the Canadian Securities Administrators and in compliance with Canadian securities laws.
- 13 The Scheme and the Transaction, and any dispute or claim arising out of, or in connection with, them (whether contractual or non-contractual in nature), will be governed by English law and will be subject to the jurisdiction of the courts of England. The Transaction and the Scheme will be subject to the applicable requirements of the Takeover Code, the Panel, the LSE, the FCA, the TSX and the ASX and applicable securities laws.
- 14 The Transaction will be subject to the Conditions and certain further terms set out in this Appendix 1 (*Conditions to and Certain Further Terms of the Transaction*) to this Announcement and to the full terms and conditions which will be set out in the Scheme Document.
- 15 Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.

- if the Scheme has not become Effective by 6.00 p.m. (London time) on the Long Stop Date (or such later time and/or date as may be agreed between DPM and Adriatic, with the approval of the Court and/or the Panel, if required) (other than in circumstances where DPM has, prior to such date, elected to exercise its right to proceed with the Transaction by way of a Takeover Offer and announced the same in accordance with the requirements of the City Code on Takeovers and Mergers, and such Takeover Offer has not lapsed or been withdrawn);
- on the date on which the Transaction (whether implemented by way of a Scheme or a Takeover Offer) is withdrawn or lapses in accordance with its terms, provided that this shall not apply where the Transaction is withdrawn or lapses as a result of DPM

exercising its right, in accordance with the Takeover Code, to implement the Transaction by way of a Takeover Offer rather than by way of a Scheme or vice versa; or

- if DPM announces that it does not intend to proceed with the Transaction and no new, revised or replacement Scheme or Takeover Offer is announced by DPM in accordance with Rule 2.7 of the Takeover Code at the same time.

DPM TSX Press Release

Dundee Precious Metals Announces Proposed Acquisition of Adriatic Metals

(Unless otherwise noted, all dollar amounts in this release are expressed in U.S dollars.)

Toronto, Ontario, June 13, 2025 – Dundee Precious Metals Inc. (TSX: DPM) (“DPM” or the “Company”) is pleased to announce that it has agreed with Adriatic Metals plc (“Adriatic”) to the terms of an acquisition of the entire issued, and to be issued, ordinary share capital of Adriatic (“the Transaction”) for an implied equity value of approximately \$1.3 billion. Upon completion of the Transaction, DPM will acquire 100% of the Vareš operation (“Vareš”) in Bosnia and Herzegovina, a producing silver-lead-zinc-gold underground mine.

Strategic Rationale:

- **Creates premier mining business:** Enhances DPM’s existing high-margin asset portfolio with peer-leading production growth and a high-quality development and exploration pipeline.
- **Delivers near-term growth:** Expected to grow DPM’s production up to 425,000 gold equivalent ounces¹ in 2027 through the ramp-up of Vareš, with access to a strong balance sheet and expanded technical resources to optimize mining and processing.
- **Increases DPM’s mineral reserve life:** Vareš has an initial 15-year operating life with potential to extend further from a prospective 4,400-hectare land package led by a team with proven exploration success in the region.
- **Enhanced cash flow generation:** Addition of another long-life producing asset complements DPM’s already strong cash flow profile and provides significant cash generation to fund DPM’s organic growth pipeline and ongoing capital returns program.
- **Combines expertise and regional presence:** Builds on decades of regional experience finding, building, operating and optimizing mines with an enhanced team recognized for strong community relationships.
- **Delivers strong returns from a robust platform:** Shareholders benefit from DPM’s continued balance sheet strength, added cash flow diversification and a peer-leading capital returns program with improved trading liquidity.

David Rae, President and Chief Executive Officer of Dundee Precious Metals, made the following comments in relation to the Transaction:

“Adding Adriatic’s Vareš operation to our strong asset portfolio creates a premier mining business with a peer-leading growth profile, high-quality development and exploration pipeline and a robust platform to deliver above-average returns.

¹ Refer to the “Gold Equivalent Calculations” section on page 9 of this news release.

“Vareš is a logical fit with our portfolio, as it significantly increases DPM’s mine life while adding near-term production growth, a highly prospective land package, and cash flow diversification. We are well-positioned to leverage our expertise in underground mining, our regional presence, successful track record of building and ramping up new mines, as well as our strong financial position to further optimize the operation and realize Vareš’ full value potential, based on our analysis.”

Laura Tyler, Managing Director and Chief Executive Officer of Adriatic Metals, stated:

“Vareš remains firmly on track to become a low-cost precious metal producer, underpinned by a long mine life, a high-grade deposit and strong exploration potential. What makes Vareš so exciting is that it is at the beginning of its journey, with significant growth potential ahead. This transaction brings together complementary strengths to create a dynamic and diversified mining company with meaningful scale. We see clear synergies between the asset portfolios of DPM and Adriatic, supported by DPM’s strong financial capacity and proven operational expertise. Together, these strengths are expected to unlock further value for shareholders of both companies in both the near and longer term. Importantly, the creation of a diversified mining company in the Balkan region will bring benefits not only to our employees and shareholders, but also to local communities and broader regional stakeholders. This is a compelling opportunity to be part of a transformative and long-term success story – one that we fully endorse and recommend to all our stakeholders.”

Vareš Overview: High-grade precious metals / polymetallic underground mine

Vareš is an underground precious metals-dominant mine with an offsite processing facility and prospective 4,400-hectare land package, located approximately 50 kilometres north of Sarajevo in Bosnia and Herzegovina. Since announcing first concentration production in 2024, Vareš has been ramping up to nameplate processing capacity. Vareš produces a saleable silver-zinc concentrate and a lead-silver-gold concentrate.

As part of DPM’s evaluation of Vareš, the Company commissioned SRK Consulting (UK) Limited to prepare an independent technical report in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects (“NI 43-101”) for Vareš reflecting DPM’s current plans for the asset, including the mine plan and mining and operating methods contemplated. The Technical Report has an effective date of April 1, 2025, and is deemed to be at a pre-feasibility level of study.

Vareš Technical Report Highlights

- **Significant mine life and scale with low unit costs:** Based only on existing mineral resources, Vares has a 15-year operating life with average annual payable production of approximately 168,000 ounces of gold equivalent^{2,3} at an all-in sustaining cost of \$893 per ounce of gold equivalent.⁴
- **Improved value and risk profile:** DPM’s approach to the Vareš mine plan reflects an initial grade control and geotechnical drilling program to better define geological and geotechnical understanding of the orebody,

³ Reflects average annual gold equivalent production from 2027 to 2035.

⁴ All-in sustaining cost per gold equivalent ounce is a non-GAAP measures and has no standardized meaning under IFRS Accounting Standards (IFRS) and may not be comparable to similar measures used by other issuers. facilitating accelerated access to higher-grade ore tonnage, as well as paste backfilling of mining areas. DPM forecasts achieving sustainable mill throughput of 850,000 tonnes per annum by year-end 2026.

- **Base case NPV_{5%} of \$1.6 billion (post-tax)** based on consensus long-term (“LT”) metal prices, including LT silver price of \$28 per ounce and LT gold price of \$2,212 per ounce (the “Base Case”). Refer to “Sensitivity Analysis” on page 10 of this news release for the project’s economics at varying metal price assumptions.
- **\$2.1 billion of post-tax cash flow** over the initial mine life at Base Case commodity price assumptions.

Optimization Opportunities

DPM has identified several medium- and long-term opportunities to optimize Vareš, which have not been contemplated as part of the Technical Report, that it intends to evaluate, including:

- **Ore sorting:** Following ramp up to full capacity, this initiative targets a reduction in mine waste tonnage transported to the processing facilities and an increase in ore grades to the mill.
- **Near-mine exploration potential:** The Rupice Northwest deposit remains open to the northwest. The ability to extend mineralization in the area of known mineralization with wider, higher-grade zones is a priority in our stakeholder engagement and exploration plans. More broadly, the Rupice deposits sit within the prospective Dinarides deformation belt, hosting several barite and massive sulphide occurrences over a 22-kilometre corridor within close proximity to Vareš infrastructure and operating facilities.

Transaction Summary

Under the terms of the Transaction, shareholders of Adriatic (“Adriatic Shareholders”) will be entitled to receive 0.1590 of a common share of DPM (each whole share, a “DPM Share”) and 93 pence in cash for each ordinary share of Adriatic (each, an “Adriatic Share”). Under the terms of the Transaction, the value for each Adriatic Share is £2.68 (and CHES Depository Interest (“CDIs”) of Adriatic at AUD\$5.56), and the entire issued share capital of Adriatic at approximately US\$1.3 billion, based on the closing price of CAD\$20.33 per DPM Share and a £:CAD\$ exchange rate of £1:CAD\$1.85 on June 11, 2025.

It is intended that the Transaction will be implemented by means of a court-sanctioned scheme of arrangement under Part 26 of the UK Companies Act 2006 (the “Scheme”).

Unless the context requires otherwise, in this news release, references to Adriatic Shares include Adriatic CDI holders.

About Adriatic Metals plc

Adriatic is a UK-based precious and base metals producer, with listings on the London Stock Exchange and Australian Stock Exchange. Adriatic's asset portfolio consists of its flagship Vareš Silver Operation in Bosnia and Herzegovina and the exploration-stage Raška Project in Serbia. The Vareš Silver Operation produces silver/lead and zinc concentrates and has the potential to be one of the world's largest producing, low-cost silver mines, with a high-grade Mineral Reserve base underpinning a 15-year mine life. First sale of concentrate was achieved in 2024 and the asset is currently ramping up to commercial production, with further plans underway to expand the plant processing capacity from 0.8 to 1.3 million tonnes per annum. The orebody remains open along strike and at depth, and there are several options available for regional exploration targets on Vareš' 44km² concession.

Mineral Resources and Mineral Reserves Estimate

The NI 43-101 Rupice Mineral Resource Statement was estimated as of April 1, 2025, and is inclusive of Mineral Resources not modified to produce the Mineral Reserve. Mineral Resources are reported above a cut-off net smelter return (“NSR”) of \$100 per tonne, and are reported in the table below:

Resource classification	Tonnage	Ag	Zn	Pb	Au	Cu	Sb
	(Mt)	(g/t)	(%)	(%)	(g/t)	(%)	(%)
Indicated	10.7	264	7.4	4.8	1.9	0.65	0.22
Inferred	0.9	150	3.5	2.8	0.8	0.37	0.15

1. Mineral Resource is estimated in accordance with the Canadian Institute of Mining, Metallurgy and Petroleum (CIM) Definition Standards for Mineral Resources & Mineral Reserves and NI 43-101.
2. Indicated Mineral Resources stated are inclusive of those modified to produce the Mineral Reserve.
3. Mineral Resources have been reported above a cut-off NSR value of \$100/tonne. It is a direct report from the Adriatic block model without consideration of mining shape optimization.
4. Mineral Resources are reported on the basis that they are planned to be mined via long hole open stoping, processed via a known demonstrated process route, and sales concentrate delivered to market. At present, this is supported by technical studies perceived to be a pre-feasibility or feasibility study level of confidence. Risks associated with the technical feasibility and economic viability of extraction remain, relating to unknowns, though are greatly reduced as mining has commenced, the process plant has been commissioned, and early concentrate sales have taken place, thereby shedding light on numerous previous unknowns have now been identified and are being addressed.
5. Mineral Resources may further be materially affected by any known environmental, permitting, legal, taxation, socio-economic, marketing, political, or other relevant factors.
6. Mineral Resources that are not Mineral Reserves do not have demonstrated economic viability.

The NI 43-101 Rupice Mineral Reserve Statement was estimated as of April 1, 2025. The Mineral Reserve is reported above a cut-off NSR of \$100 per tonne for long-hole open stopes and \$120 per tonne for mechanized cut and-fill.

Reserve classification	Tonnage	Ag	Zn	Pb	Au	Cu	Sb
	(Mt)	(g/t)	(%)	(%)	(g/t)	(%)	(%)
Probable	9.5	230	6.9	4.4	1.7	0.6	0.2
Proven	–	–	–	–	–	–	–
Total	9.5	230	6.9	4.4	1.7	0.6	0.2

1. CIM (2014) definitions were followed for Mineral Reserves.
2. The long-term commodity prices applied in the estimation of the Mineral Reserve are: zinc \$2,661/t, lead \$2,064/t, copper \$9,348/t, gold \$2,212/oz, and silver \$28/oz. In order of priority, revenue is generated from silver, zinc, followed by lead and gold, and minor contributors from copper and antimony.
3. The entire Indicated Mineral Resource was considered for the Mineral Reserve. Therefore, the only opportunity to increase the Mineral Reserve is to increase the Indicated Mineral Resource through upgrading of the Inferred to Indicated or further exploration.
4. The QP identified some 2% of Inferred Mineral Resource included in the mining shapes constituting the Mineral Reserve. The is a result of mine design, and falling within the levels of accuracy of estimate, is not deemed material to the Mineral Reserve.
5. DPM’s life of mine plan commencing April 1, 2025, projects production for the second quarter of 2025. Actual production will differ, which is not deemed material to the Mineral Reserve Statement.
6. Aspects relating to permitting (paste backfill plant), hydrogeology, water management and discharge, surface haulage, tailings facilities have been identified and are being addressed. Required costs and duration have been incorporated into the life of mine plan. Until they are remediated, they remain as areas of high risk associated with the Mineral Reserves.
7. The Mineral Reserve Estimate was completed under the supervision of Sabine Anderson (Meng, CEng, MIMM), who is an independent Qualified Person (“QP”) as defined under NI 43-101.

The mineral reserves and mineral resources above have been prepared in accordance with NI 43-101 and the Canadian Institute of Mining, Metallurgy and Petroleum – Definition Standards adopted by CIM Council on 10 May 2014, as required by Canadian securities regulatory authorities. There are differences between the standards and terms used for reporting mineral reserves and mineral resources in Canada, and mineral resources and mineral reserves reported in the United States pursuant to the rules and regulations of the SEC. The Canadian standards differ from the requirements of the SEC applicable to domestic United States reporting companies. Accordingly, information reported by DPM and Adriatic on their mineral deposits may not be comparable to similar information made public by United States companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

Non-GAAP Measures

Certain financial measures referred to in this news release are not measures recognised under IFRS and are referred to as non-GAAP financial measures or ratios. These measures have no standardised meaning under IFRS and may not be comparable to similar measures presented by other companies. These measures are intended to provide additional information and should not be considered in isolation or as a substitute for measures prepared in accordance with IFRS.

The non-GAAP financial measures used in this news release and common to the precious metals mining industry are defined below:

- **Cash cost and cash cost per tonne of ore processed:** Cash cost consists of all production related expenses including mining, processing, services, filtered tailings and paste fill, royalties and general and administrative. Cash cost per tonne of ore processed is calculated as cash cost divided by volumes of ore processed.
- **All-in sustaining cost and all-in sustaining cost per gold equivalent ounce on a co-product basis:** All-in sustaining cost consists of all cash costs, plus treatment charges, penalties, transportation and other selling costs, cash outlays for sustaining capital expenditures and leases, and rehabilitation-related accretion and amortization expenses. All-in sustaining cost per gold equivalent ounce is calculated as all-in sustaining cost divided by payable gold equivalent ounces. The Company uses conversion ratios for calculating gold equivalent ounces for its silver, zinc, lead and copper sales, which are calculated by multiplying the volumes of metal sold by the respective assumed metal prices and dividing the resulting figure by assumed gold price.

These non-GAAP cost metrics capture the important components of the Company's production and related costs and are used by DPM and investors to monitor cost performance at the DPM operations.

As Vareš is not in commercial production, DPM does not have historical non-GAAP financial measures nor historical comparable measures under IFRS, and therefore the foregoing prospective non-GAAP financial measures or ratios presented may not be reconciled to the nearest comparable measure under IFRS.

Similarly, statements that describe objectives, plans or goals are or may be forward-looking statements. These statements are based on assumptions and assessments made by Adriatic and/or DPM (as applicable) in light of their experience and their perception of historical trends, current conditions, future developments and other factors they believe appropriate. By their nature, forward-looking statements involve known and unknown risk and uncertainty and other factors which may cause actual results, performance, actions, achievements or developments to differ materially from those expressed in or implied by such forward-looking statements, because they relate to events and depend on circumstances that will occur in the future. Although DPM and/or Adriatic believe that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct and readers are therefore cautioned not to place undue reliance on these forward-looking statements which speak only as at the date of this news release.

Other unknown or unpredictable factors could cause actual results, performance, actions, achievements or developments to differ materially from those expected, estimated or projected in the forward-looking statements. If any one or more of these risks or uncertainties materialises or if any one or more of the assumptions proves incorrect, actual results, performance, actions, achievements or developments may differ materially from those expected, estimated or projected.
